Vivekananda Global University

Established in 2012, Vivekananda Global University, Jaipur, stands as a trailblazer in its commitment to delivering a comprehensive education aligned with global standards. VGU is dedicated to providing an education that fosters coherence and integrity in intellectual pursuits, cultivating a social conscience among students. This approach aims to shape well-rounded individuals capable of critical thinking, considering issues from diverse perspectives, and communicating effectively.

An education at Vivekananda Global University places a robust emphasis on foundational knowledge, rigorous academic research, and practical engagement with real-world challenges. The diverse community of 7500+ students on campus, hailing from 24 states in India, and 29 other countries, benefit from a world-class learning experience offered through a range of undergraduate and postgraduate programs. These programs are led by our distinguished faculty, ensuring a comprehensive and top-tier educational environment.

Faculty members, originating from diverse regions of India, actively contribute to high-level research and publications. The university fosters a dynamic research culture through individual and collaborative projects, both on a national and international scale. Specialised centers, evolving from specific disciplinary domains, as well as multidisciplinary research initiatives, further enhance the vibrant and research-intensive atmosphere at the university.

Sponsored by the Bagaria Education Trust, Vivekananda Global University has evolved into a highly dynamic institution with a transformative mission and a comprehensive developmental agenda. With prestigious accreditations such as NAAC Grade A+ and ICAR, it stands out as one of the fastest-growing and leading universities in Rajasthan. Achieving this status within a mere decade, the university has successfully established itself as a prominent player not only in the educational landscape of Rajasthan but also on a national level.

Embracing a diverse spectrum of disciplines, the university thrives in an educational environment primarily focused on technical and vocational training. Since its inception, VGU has remained steadfast in its commitment to delivering holistic educational experiences. Beyond imparting academic knowledge, the university is dedicated to cultivating qualities that characterize a distinguished professional on the global stage.

The university derives its name from Swami Vivekananda, a proponent of holistic human development encompassing physical, mental, and spiritual dimensions. His advocacy for integrating science and technology into education, particularly emphasizing technical education for industrial development, serves as a cornerstone for our institution. Aligned with Swami Vivekananda's philosophy, our core values are deeply rooted in his thoughts and ideas, forming the foundation of our institute. Our overarching objective is to nurture the physical, mental, emotional, secular, and spiritual facets of our students, aspiring to mould them into professionals of global excellence and responsible citizens. These enduring ideals, firmly grounded in Indian culture, have transcended generations.

मुझे यह जानकारी प्रसन्नता हुई है कि विवेकानंद ग्लोबल यूनिवर्सिटी का 7 वां दीक्षांत समारोह आगामी 12 जनवरी को आयोजित किया जा रहा है।

स्वामी विवेकानंद भारतीय संस्कृति के युग पुरुष थे। उनके जीवन दर्शन के आलोक में हमें भारतीय सनातन संस्कृति के उदात्त मूल्यों को अपनाने की आवश्यकता है। सुखद है कि आपका निजी विश्वविद्यालय उनके नाम पर स्थापित है। दीक्षांत शिक्षा का अंत नहीं, विद्यार्थियों के नव जीवन का आरम्भ है। मैं इस अवसर पर उन सभी विद्यार्थियों का अभिनंदन करता हूँ जिन्हें डिग्री और पदक दिए जा रहे हैं।

मेरी इस समारोह के लिए विश्वविद्यालय परिवार और छात्र-छात्राओं को हार्दिक शुभकामनाएं हैं।

Message

It gives me immense pleasure to know that Vivekananda Global University, Jaipur being one of the leading multidisciplinary private universities of India, ranked "A+" by NAAC is organizing its 7th Convocation Ceremony in January 2024.

The University's commitment towards quality education, research, innovation has been recognised by the Ministry of Education, GOI which awarded IIC with 4.5 stars. The commitment has also been recognised by NITI Ayog by establishing its first Atal Community Innovation centre (ACIC) in VGU. Recognising the quality innovation ecosystem, Ministry of MSME provided R&D funding under ASPIRE scheme for creating a Technology Business incubator in the University.

VGU understands that entrepreneurs are key drivers of economic growth and social progress of India and country needs young graduates with creative thinking. To ensure this, VGU has created a well established innovation and entrepreneurial ecosystem in the campus and established three incubation centres and supports more than 40 start-ups.

Convocation marks an important academic achievement in a person's life. No matter if the graduate is completing college or earning an advanced degree. This milestone is a special accomplishment that's praise worthy. For me, it's not always easy putting my heartfelt sentiments into words.

I congratulate Vivekananda Global University, Jaipur for the grand success of the 7th Convocation Ceremony.

Messages

It is my privilege and pleasure to congratulate the graduands who would be conferred the degrees by the Vivekananda Global University (VGU), Jaipur, at its 7th Convocation on 12th January, 2024.

I would like to pay tribute to the visionary founders of VGU. for creating a unique seat of learning as a flagship initiative of Bagaria Education Trust (BET).

In over 10 + years of functioning and with the contributions of enlightened Board of Management, learned Members of faculty and dedication of all members of staff and VGU family, our University has been able to carve out an impressive niche in the Indian Higher Education ecosystem.

I would like to felicitate the scholars / students passing out with colors, their parents/guardians, teachers and inspiring faculty members of the University.

I would also urge the students/scholars and faculty members to upgrade the managerial and digital skills continuously as we are living in a digital age with super-sonic speed of ever changing technology, If 'we are not updated then we are outdated'.

I am sure the students/scholars who have been conferred degrees at the 7th convocation of VGU would strive to make significant contribution in the areas of their working space and help in accelerating the pace of socio-techno-economic development of India.

I convey my best wishes for the convocation and the souvenir. I pray to God to bless all members of VGU family so that we continue to excel in our respective domains and make VGU an iconic State Private University.

It is indeed a matter of great joy and pleasure to learn that Vivekananda Global University, Jaipur, is organising its 7th Convocation on 12th January, 2024.

On this prestigious occasion, I extend my heartiest congratulations to the Graduates and Post Graduates who are being conferred degrees. It is a ceremony of pleasure and pride for all the recipients and also the time for them to identify their strengths and weaknesses before they step forward into the bigger play field, called life.

I am sure that all of them will best utilize their education and training in the service of the nation by being good human beings, sincere and honest professionals and righteous citizens.

On the occasion, I extend my greetings and good wishes to the university family and the students and wish the program a great success.

With best wishes,

 Dr. K. R. Bagaria
Vice Chairperson,
Vivekananda Global University

A welcome from the President

Prof. (Dr.) Vijay Vir Singh
President, VGU

It gives me great pleasure to welcome you today to celebrate your graduation and everything you have achieved during your time at VGU.

Welcome Address & University Annual Report

Prof. (Dr.) Vijay Vir Singh

1. Hon'ble Chief Guest of today's Convocation Ceremony, other distinguished guests, Dr. K. Ram, Chief Patron of VGU, Dr. Lalit K. Panwar, Chairperson of VGU, Dr. K.R. Bagaria, Vice-Chairperson of VGU, Members of Bagaria Education Trust, Members of the Board of Management, Members of the Academic Council, faculty members & staff, guests, alumni, media persons, graduating students and their families & friends.

2. Ladies and Gentlemen; Namaskar, Good Afternoon! Today on its 7th Convocation Day, it is a matter of great privilege for Vivekananda Global University (VGU) and a profound personal honor for me to welcome the Hon'ble Chief Guest, who has been kind enough to accept our invitation to be the Chief Guest of this Convocation Ceremony and give his blessings to our graduates. Sir, we are honored and grateful to you.

3. I also welcome our Chief Patron Dr. K. Ram, Chairperson Dr. Lalit K. Panwar, Vice-Chairperson Dr. K.R. Bagaria, Members of Bagaria Education Trust, Members of the Board of Management, Members of the Academic Council, faculty members, and staff. I further extend my warm welcome to distinguished guests, alumni, and media persons. I am grateful to all of you for gracing this occasion and making it more meaningful for our students.

4. My special welcome to graduating students who have had a journey of knowledge sharing at VGU and their families and friends who encouraged, motivated, and supported them throughout their journey here.

5. Today, on this solemn occasion, I would also like to add that today's convocation ceremony is taking place on a very auspicious day; National Youth Day - the birth anniversary of Swami Vivekananda whose ideas are being followed by VGU family - Arise; Awake; and Stop not until the goal is achieved. Following Swami Vivekananda, VGU believes in providing education focusing on character building, strengthening the mind, and self-confidence, and expanding intellect in students. We believe that education is more than merely getting degrees to get employment. At VGU, we believe in education that opens a mind and is holistic. We root for women's education as we believe that when you educate a woman; you educate a generation. We believe that a society and nation that develops and prospers is one that has held no gender bias and has provided equal opportunities to all. We also take our social commitments seriously and ensure that none deserving is denied education for want of financial or unseen reasons.

6. Our graduating students it gives me special joy to address you today and celebrate your achievements. You have come a long way since your first day at VGU through your resilience to excel, hard work, and you are now ready to make your mark in the world. Congratulations.

9. Graduates, today marks an important day in your lives – a milestone achieved – it is now the beginning of an exciting journey. Graduating is an achievement and a personal accomplishment that you have attained through your individual competencies. The very fact that you have reached this stage shows that you are capable and have the strength and determination to face the unknown and succeed. I would like to say that these qualities will be important to you throughout your life. Please cultivate them to grow and find success in your future endeavors. Your education at VGU has built a solid foundation for you to succeed. You now have the potential to achieve what is necessary to meet the challenges of the future. This is a new beginning for you. I do not know exactly how the future will unfold for each of you but this much I do know with certainty that your best is yet to come as you go out into the world poised and armed with knowledge, skill, and a passion to succeed.

10. Convocation as we all know is not only for awarding degrees and medals but also to celebrate and honor the achievements of the university in the year gone by. It is an occasion which every individual of the university looks forward to and as President of VGU, I take the opportunity to apprise you all about the University and its major achievements during the last year and what we aspire to achieve in future.

The VGU

11. VGU, as I have always said, is a young forward-looking multidisciplinary State Private University established by the Act of Rajasthan State Legislature (11/2012) as specified by UGC under Section 22 of the UGC Act 1956. The University has been recognized by all the required regulatory bodies and strives to follow the norms and standards of education laid down by them. We are also a provisional member of the Association of Indian Universities (AIU).

12. The University as you can see has a lush green sustainable campus spread over 30.7 acres of land with a quality infrastructure with latest ICT, well-equipped & modern laboratories and classrooms, state of art studios, and IT enabled enriched library to name few. To further contribute towards the energy efficiency and water conservation efforts, the University campus has been reinforced with a solar energy plant with a wheeling to the grid facility and bio-gas plant.

13. VGU, living up to its name, is a truly global university with more than 7500 students from almost all the states of India and 16 other countries pursuing their education in more than 97 career-oriented programs at UG, PG, and doctorate level in faculties of Agriculture, Engineering and Technology, Computer Science and Application, Architecture and Planning, Design, Basic & Applied Sciences, International Trade & Commerce, Management, Law, Humanities and Social Sciences, Journalism & Mass Communication, Hospitality, Medical and Allied Healthcare Sciences, and Pharmacy. I am happy to inform you that university is continuously expanding its horizons and adding more programs in different disciplines. This year, we have started new programs of B.VA (Painting Contemporary Arts); M.VA (Liberal Arts); MA (Psychology); MA (Pol Sc.); M.Sc. (Digital & Cyber Forensic); PG Diploma Programmes in JMC. During the last few years, the University has grown phenomenally in all aspects including the newly admitted students' which increased from 2354 in 2022-23 to 3635 in 2023-24, registering a growth rate of more than 50%.

14. I am also happy to report that last year VGU got approval from UGC and AICTE to offer full-fledged programs of MBA, BBA, MCA, BCA, BA, MSc (Mathematics) and MA (English) in online mode and would like to mention that we have very good responses for these programs and have successfully completed the two semesters of these programs. To ensure smooth and effective delivery of education in these Programs we established the Centre for Distance and Online Education (CDOE) in October 2022 and offered three UGC-entitled online degrees in MBA, BBA, and BCA from January 2023 session with approximately 200 learners who passed their examinations with an impressive success rate of 85%. The second batch commenced in July 2023 with five operational online degree programs of MBA, BBA, MCA, BCA, MSC-Mathematics and saw a remarkable rise in enrollment with over 600 learners.

15. CDOE is committed to provide a robust academic experience through innovative academic delivery via a user-friendly Learning Management System, incorporating virtual live sessions, discussion forums, and AI-enabled assessments. CDOE has also forged collaboration with the Training and Placement Cell of the university, providing placement assistance for its learners. This strategic alliance aims to bridge the gap between education and industry, preparing learners for a seamless transition into the professional world.

16. As the first and second batches gear up for exams in January 2024, CDOE is enrolling for the January 2024 session and remains committed to high-quality education and pioneering a transformative era in virtual education.

17. It gives me immense pleasure in saying that VGU, consolidating its position as a pioneer, has effectively implemented the National Education Policy (NEP) 2020 from the current academic session of 2023-24. As required by the NEP, we in VGU have developed the educational framework in lines with Curriculum and Credit Framework of UGC to ensure multidisciplinary and interdisciplinary programmes/courses with multiple entry and exit options. VGU now ensures the holistic development of students by integrating the co-curricular and extra-curricular with curricular in all the disciplines. To ensure this, our Internal Quality Assurance Cell (IQAC) took the lead and conducted various curriculum related exercises at the department level to properly align core, elective and generic courses as per requirements of NEP 2020. The detailed curriculum of all UG level programmes offered and possibility of offering Minor Degree Programmes were discussed with eminent domain/subject experts. The integration of generic and elective courses was also discussed in terms of current thrust area of market and industry demands and student's interest and credit allocation. This detailed exercise was followed by organising the Curriculum Conclave - "SAARANSH-2023" on 27-28 May 2023 in which more than 30 eminent experts of national and international repute including the former Chairman of UGC, members of regulatory bodies, subject experts and people from industry and start-ups were invited. This two-day conclave was the culmination of the 8-month-long exercise to revise the curriculum according to NEP 2020, NHEQF and NCRF. Accordingly, VGU has revised the Academic Regulations. Further, VGU has also uploaded the required data of students in Academic Bank of Credit (ABC) portal to facilitate credit accumulation of students to avail the benefits of multiple entry and exit options as per UGC guidelines. With pride I can announce that VGU stands 2nd in Rajasthan in uploading the student data on the ABC portal.

18. Now the focus of education at VGU is on application and experience-based learning with Indian values and knowledge building. Today we are a unique university where a Trans Disciplinary Project (TDP) is mandatory credit course. The focus of TDP is to ensure transdisciplinary experience-based learning leading to idea generation and startup. VGU also took the initiative to offer minor degree in 10 areas of Indian Knowledge System, Design, Economics, Psychology, Performing Arts, Sustainable Development, Environmental Science, Sports, Social & Community Engagement, and Entrepreneurship. We place immense emphasis on the capacity building of our faculty and their continuous improvement and rejuvenation. In short, I can ensure you that teaching at VGU is now more experiential, inquiry-driven, learner-centred, discussion-based, flexible and above all enjoyable.

Research, Innovation and Entrepreneurial Ecosystem

19. At VGU, we understand that education and research need to evolve and diversify continuously to match the requirements of professional and social evolution for developing a country like India and fulfil our Prime Minister's Vision of "Viksit Bharat". The university facilitates and promotes research capabilities of young aspiring students and faculty members through quality infrastructure, collaborations and MOUs to facilitate projects, experiential learning, interactions with experts, and industry learning. Till date, VGU has signed 80 MoUs with reputed institutions and industry in India and abroad. VGU Alumni and NGOs have also been incredibly supportive in strengthening research and infrastructure of the University. As a result, the University has published 69 patents and design copyrights. VGU faculty members have published 347 research papers in reputed and peer reviewed journals and 36 books/book chapters during this year.

20. Along with research, VGU also encourages faculty for consultancy. Some of the major clients of the University are Indian Railways, Dedicated Freight Corridor Corporation of India Ltd. (DFCCIL), CompuCom Software Limited, Ministry of MSME, GOI, Federation of Indian Granite Stone Industry (FIGSI), Export Promotion Council of Handicrafts (EPCH) and Chhattisgarh State Renewable Energy Development Authority (CREDA) to name a few. VGU has also been empanelled for training and conducting capacity building programmes of reputed agencies like Khadi and Village Industry Commission (KVIC), Jal Jeevan Mission, Bureau of Energy Efficiency, CSIR - National Environmental Engineering Research Institute (CSIR-NEERI) and also an active member of Life Sciences Sector Skill Development Council.

Entrepreneurship Activities

21. Along with research VGU understands that entrepreneurs are key drivers of economic growth and social progress of India and country needs young graduates with creative thinking to develop new products to address the challenges faced by the industry and society. To ensure this, VGU makes all efforts to ignite the entrepreneurial spirit present amongst its students thus educating India's future change makers. VGU has created a well-established innovation and entrepreneurial ecosystem in the campus which is fuelled by three dedicated incubation centres and two impactful schemes that empowers students to tackle pressing challenges with creativity and determination. These centres facilitate and mentor the ideas towards business development undertaking systematic approach for creation of enterprises including awareness camps, prototyping ideation, mentoring, and funding support.

(a) VGU-TBI, supported by the Department of Science & Technology (DST) Rajasthan, focuses on supporting rural start-ups while VGU-ACIC, supported by NITI Aayog, nurtures unserved innovations. Another VGU-TBI, supported by the Ministry of Micro, Small, and Medium Enterprises, Government of India, majorly focus on agriculture-related start-ups. In addition, VGU also has SIDBI Swavalamban Chair, which serves as an additional catalyst specifically addressing challenges encountered by Micro, Small and Medium Enterprises (MSMEs).

(b) VGU's systematic approach nurtures aspiring entrepreneurs. Awareness camps encourage the entrepreneurial spark while prototyping workshops transform ideas into solutions with experienced mentors providing invaluable guidance. Funding assistance connects start-ups with investors and grants, fuelling their growth.

(c) Adding to the success story, ACIC-VGU Foundation has been selected under the Start-up India Seed Fund Scheme, securing Rs. 2.00 Crore for funding startups. This scheme provides crucial financial assistance for proof of concept, prototype development, project trials, market-entry, and commercialization. ACIC-VGU has further demonstrated its commitment to its cause by disbursing Rs. 1.60 Cr. to 17 start-ups till date. Notably, four VGU-affiliated start-ups have also successfully accessed substantial funding through central government grant schemes, further contributing to the flourishing success story of these entrepreneurial endeavours.

(d) Further, to encourage entrepreneurial ecosystem, VGU has taken up initiative to integrate Entrepreneurship as part of curriculum in degree programs offered by faculties of commerce, management, design, and agriculture. The experiential learning of these students is ensured on campus through regular activities like Boot Camp, Code Red Hackathon, Prototype Competition, B-Plan Competition etc.

(e) The outcome of these initiatives and ventures are quite encouraging and have resulted in more than 90 thriving start-ups, 50+ corporate partners, 15+ academic collaborations, 40+ mentors, and 70+ events fostering learning, networking, and collaboration. It clearly indicates that VGU is not just an educational institution but also emerged as a hub for nurturing innovation and entrepreneurship, shaping a brighter India through the power of young minds. Here, the seeds of entrepreneurial spirit blossom into ventures that I am confident will reshape India's landscape, one ground-breaking idea at a time.

Recognitions

23. I am happy to report that, University's commitment to quality education, research, and innovation has been well recognized by various Government and Non-Government Bodies. Here, I would like to highlight few of them: -

(a) Continuing with the trend of last year when VGU received the NAAC A+ Grade in first cycle of its assessment, accreditation from Indian Council of Agriculture Research (ICAR), Band of 6-25 in private institutions all over India and No. 1 in Rajasthan in Atal Ranking of Institutions on Innovation Achievements (ARIIA) ranking, award of 4.5 stars to its Institute Innovation Cell (IIC), and "University of the Year - West" by ASSOCHAM, this year VGU has been included as a university u/s 12 (B) of the UGC Act.

(b) VGU became the Partner Institute and a member of the Program Advisory Group of DST-sponsored-Technology Enabling Centre (TEC) at BITS, Pilani (BITS-TEC). The objective of this centre is to create an ecosystem for technology development in the universities to bring together the regional academic institutes, R & D institutions, industry, MSMEs, startups, and incubators for enabling research innovation, technology improvement, and commercialization while leveraging its core strength of strong industry engagement. BITS-TEC hub is acting as a catalyst to sensitize the regional stakeholders in the best practices of research and intellectual management through structured support in policy implementation, IP creation & protection, technology improvement, validation, product development and technology transfer.

(c) VGU is now also the Cluster Member with BITS, Pilani in the Sophisticated Analytical & Technical Help Institute (SATHI) Program of DST, Government of India with a total budgeted amount of Rs 60.00 Cr. Under SATHI, BITS shall be setting up a shared, professionally managed, Science and Technology infrastructure facility, which will be readily accessible to academia, start-ups, MSME, manufacturing units, industries and R&D Labs. Prominently it will provide a shared, professionally managed services and strong Science and Technology facilities, with efficiency, accessibility, and transparency of highest order under one roof to service the demands of faculty, researchers, scientists, and students of host, cluster members and other user institutes/organizations to enable them to carry out R&D activities.

(d) The capacity building potential of VGU has been recognised by Association of Indian Universities which established Association of Indian Universities - Vivekananda Global University - Academic and Administrative Development Centre (AIU-VGU-AADC) in VGU. This is one of the 10 Centres functioning at national level directed towards training and capacity building of faculty members and administrative functionaries of universities with focus on latest pedagogical reforms. The AIU-VGU-AADC offers short-term advanced training programmes and faculty development programmes aimed at continuous capacity building of the key stakeholders through virtual and physical mode.

(e) VGU has been empanelled with Rajasthan State Pollution Control Board, Government of Rajasthan for Environment Audit Program.

(f) The Government of Rajasthan has also supported VGU in its expansion by providing approval u/s 4 of the ACT to offer following new programs: -

- (i) 4 programs in the Faculty of Physiotherapy and Occupational Therapy.

(g) The research potential of the university is being recognized on continuous basis by various Government funding agencies including Ministry of MSME, Government of India, NITI Aayog, SIDBI, DST, DBT, Unnat Bharat Abhiyan, MIIC, SFURTI, Manage, and Jal Jeevan Mission to name few.

Students' Activities

24. Even though I have mentioned earlier, I wish to reiterate that VGU focuses on the overall development of its students. We encourage our students to participate in interdisciplinary student club activities, games, and sports. While academic initiatives are a high priority at VGU we remain committed to making the educational experience of our students multifaceted. Working on the visionary principles of Swami Vivekananda, VGU encourages and nurtures the development of students' physical, mental, emotional, secular, and spiritual parameters.

25. Students proactively participated in students' club activities and I am happy to mention that the 26 clubs of the University, run by the students themselves, performed well at National and State level. One of our clubs, the Toastmasters has once again won laurels for the university by winning various awards in a range of competitions.

26. While the list of students' achievements is not exhaustive, here I am mentioning some of the major achievements of students in last one year.

(a) **Games & Sports.** VGU believes that youth must recognize the contribution of games & sports in ensuring good health, physical fitness, healthy recreation promoting social harmony and discipline. They have been instrumental in planting saplings and creating social awareness activity on Constitution Day.

Placements

27. The University recognizes the value of confidence and positivity gained through employment and emphasizes on employability and future plans of its students. It also makes all efforts to facilitate preparation for higher studies, competitive exams, placements, and entrepreneurial boost to its students.

28. The Training and Placement Cell (TPC) and Institute Industry Interface Cell (IIIC) of VGU offer all possible support to students to excel in their career path. A team of faculty members and staff along with active participation of student coordinators engages in making sustained efforts to establish processes for the career development plan to facilitate the training of students for their career goals. This includes internships, opportunities for placement planning, application process, and strategic support to the students. The TPC and IIIC provide career counselling to students at regular intervals to keep them updated with the changing market scenario. TPC and IIIC also organize various activities to enhance the employability and professional skills of students.

29. As a result, this year's placements have been satisfying. More than 500 students were placed in around 150 companies at an average salary of Rs 5.50 LPA with the Highest Package of Rs 15.00 LPA at Mahindra & Mahindra. For the batch 2024, 50 Companies have provided more than 300 placements at an avg. of Rs 5.50 LPA. In the IAC-2 (Placement Week) being organized in January 2024, we expect to see at least 100 Corporates with around 1,000 placements and internships. The top recruiters this year are Mahindra & Mahindra; Larsen & Turbo; Reliance; Bajaj; Daikin; Ultratech; Adani; Tata Technology; Bosch and Amazon.

Alumni

30. Today, the VGU family is proud to have its alumni from all over the world working in the government and corporate sectors. In government, students are placed in various jobs including Indian Civil Services, Indian Engineering Services, and the Government of Rajasthan to name a few. The alumni in the corporate sector are representing VGU in Reliance, IBM, Microsoft, Oracle, Adobe, HP, Amazon, TCS, Infosys, Wipro, Accenture, Bank of America, KPMG, Adani group of companies, Larsen & Turbo, Bosch, E&Y, HDFC, ICICI, Flipkart, Daikin, Leela, and Taj group to name few.

Acknowledgement

31. The University is grateful to all regulatory bodies, alumni, parents, faculty members, staff, students, industry people, and media for providing their continuous support in making VGU a contemporary university with a commitment to excellence in education and nurturing talent with social and national values to develop students as professionals of global standard. VGU also honors those who have supported our student's university journey by keeping faith in their potential. Thank you, parents, guardians, friends, and fellow students, faculty, and staff of VGU for believing in us.

32. We strive to dare all our students to dream big and believe in fulfilling their dreams. My advice to each of you graduating today is to keep learning, be forward-looking, and stay optimistic despite the bumps in the road you will face in a world that is continuously changing. Remember you can achieve anything if you set your mind to it. You are ready for what is ahead. Your life does not have to fit in neat lines – be confident of yourself, have dreams – fly beyond the sky, and color your life by making your dreams come true and making it a success story. We are proud of you and I am sure your juniors will draw inspiration from you. I would also like to say that as VGUites we have a duty to continue to excel in all the fields we choose to enter and to give our best to nation-building based on the ideology of Swami Vivekananda and the principle of Vasudhaiva Kutumbakam. Aim high, dream big and make all of it come true through your courage and determination. Do not hesitate to give back to the society and the nation that has helped you achieve your dreams.

33. I will also encourage you to take inspiration from India's glorious past legacies in a multitude of fields extending from engineering, medicine, politics, and architecture to economics and warfare to name a few, now available to us as the Indian Knowledge System bank- understand the glory that was India and use the knowledge of yesteryears to develop new knowledge suitable for the present and future, thus reviving the pride that was India. I sincerely believe that no future can be built without the lessons from the past. No other land can really rival India in its glorious past where education is concerned. Albert Einstein famously said and the words resonate "We owe a lot to the ancient Indians, teaching us how to count. Without which most modern scientific discoveries would have been impossible ". So go ahead and use IKS to discover your rich knowledge heritage and pride in your identity, get a sense of culture that is yours, and get encouraged to use old knowledge for development by assimilating it into present times to bring forth new innovation and inventions to benefit the economy, society and security of the country and the world at large. You are now a member of the VGU alumni and we look to you to contribute to the success of the society and nation. You are VGU's representative to the world and your success will be celebrated by us here enthusiastically.

34. To end this report, I would say that we at VGU wish all graduating today, great success and a life filled with learning, peace, and happiness. We at VGU also want to say that this is your home, do return once in a while to share your knowledge, experiences, and stories of successes to motivate the future generation here.

35. Ladies and Gentlemen, I wish to reiterate that VGU has carved out a niche for itself in the field of higher education in Rajasthan. VGU is determined to continuously reinvent and better itself and not just rest on its laurels got so far. Today standing tall VGU thanks each and every person involved in achieving this through their dedication and hard work.

Thank You!

Jai Hind! Jai Bharat!

**BAGARIA
EDUCATION
TRUST**

THE GROUNDBREAKERS OF EDUCATION SYSTEM

'Bagaria Education Trust' (BET), a not-for-profit organization registered in the year 2002, was constituted by a group of hardworking professionals from Rajasthan who felt the need of special efforts for promoting education in the rural areas. The trust is registered with Niti Aayog & Devasthan Vibhag, Rajasthan & is also registered with Income tax department under section 80G & 12AA. The primary focus of the trust has always been on educating rural women & youth. The introductory endeavor of the promoters was an exclusive drive called "Shiksha Karmi" for the education of the daughter-in-laws of the villages. The motive behind this drive was to make the women educated enough so that they can impart education to the village children in the future. The trust & its sister concern run 9 educational institution ranging from nursery education till Ph.D. programmes in multidisciplinary fields. The current strength of these institutions stands out to be a whopping 10,000+ students & over 1000+ staff members.
