

VIVEKANANDA GLOBAL UNIVERSITY JAIPUR

SDG REPORT

SESSION 2025

Overview of the Report

- SDG 1: No Poverty

The direct efforts to address poverty include the Food Distribution Drives, providing immediate relief to the economically vulnerable. The long-term strategy for poverty alleviation is supported by entrepreneurial initiatives, such as the Experiential Learning Units (ELUs) in Agriculture (Vermicompost and Azolla) which empower students and potentially rural communities with skills for income generation and self-employment. Additionally, providing Legal Rights Awareness and Health Checkup Camps helps the poor gain access to essential basic services and welfare schemes.

- SDG 2: Zero Hunger

VGU addresses food security and hunger through direct relief and sustainable agriculture initiatives.

- **Food Distribution Drives:** The NSS units organized a **Food Distribution Drive** in nearby slum areas and orphanages, providing about **200 food packets** to the needy and promoting compassion and sharing. A similar activity by NCC cadets and UBA was held on World Food Day.
- **Sustainable Agriculture for Nutrition:** The Department of Agriculture's Experiential Learning Unit (ELU) projects promote practices for sustainable food sources and improved nutrition. The **Azolla Unit** trains students in cultivating Azolla as a protein-rich fodder substitute for livestock, aiming to provide a consistent food source for animal husbandry for small farmers. The **Vermicompost Unit** teaches organic waste management to produce vermicompost, which enhances soil fertility and crop quality for sustainable organic farming.

- **Food Chain Transparency:** The industrial visit to the **Akshaya Patra Foundation** kitchens exposed Hotel Management students to large-scale, hygienic food production and distribution systems used by NGOs.
- SDG 3: Good Health and Well-Being

The university actively engages in community health awareness, screening, and treatment access.

- **Health Camps:** Multiple **Health Checkup Camps** were organized in rural areas like Barmer and Dantli. A significant Silicosis Health Checkup Camp at Siroli, in collaboration with government and NGO partners, screened over 100 villagers and identified **18 silicosis-positive cases** for welfare linkage.
 - **Health Awareness & Prevention:** An **Awareness Rally** was held, educating villagers on sanitation, hygiene, and the need for regular medical check-ups. A session on **Vaidik Yoga** and an expert lecture on **"De-Addiction from Alcohol"** focused on mental and physical well-being and substance abuse prevention.
 - **Healthcare Access:** VGU secured an empanelment agreement with **Eternal Hospital, Jaipur and Sanganer**, offering discounted OPD and IPD services to VGU staff and their dependents, and arranging free health talks and camps on preventive medicine.
- SDG 4: Quality Education

VGU promotes practical, lifelong learning opportunities and specialized skill development for employability and social responsibility.

- **Experiential Learning:** The **Student's READY Programme** features the **Experiential Learning Programme (ELP)**, which develops competence, entrepreneurship, and practical skills in students through projects like the Vermicompost and Nursery units, following the principle of "Learning by Doing".

- **Vocational & Professional Training:** The Department of Hotel Management organized an expert lecture on "**Recent trends in Front office department**" and industrial visits to the Buena Vista Luxury Garden Spa Resort and Akshaya Patra Foundation to bridge the gap between academic knowledge and industry reality.
- **Community Education:** Students spread awareness on topics like cleanliness (Swacchta Hi Sewa), environmental conservation (Awareness Rally), and Legal Rights (Pro Bono Club Camp) to local communities and school children.
- **SDG 5: Gender Equality**

VGU maintains a firm institutional focus on ensuring equal opportunity and safety for all genders.

- **Institutional Framework:** The **Gender Audit Report** confirms the university strives for a gender-neutral institution, promoting an inclusive and varied environment for all members. Policies are in place to address gender equity, and no sexual harassment complaints have been raised in the preceding three years.
- **Safety and Empowerment:** A **Self Defence Workshop** ("Nari Suraksha aur Swabhiman") was organized to equip female students and staff with self-defense skills and foster confidence.
- **Curriculum Integration:** Gender issues are incorporated into the curriculum across various departments through dedicated papers, such as "Contemporary India: Women and Empowerment".
- **Infrastructure for Inclusivity:** The campus provides a Girls Common Room, separate washrooms, sanitary pad vending machines and incinerators, and has a women's hostel under construction.
- **SDG 6: Clean Water and Sanitation**

Although water is not the central theme, sanitation and hygiene are addressed through community service.

- **Sanitation & Hygiene:** The **"Swacchta Hi Sewa"** campaign involved cleanliness drives in adopted villages and schools, and spread awareness about cleanliness, directly supporting public hygiene which is crucial for reducing waterborne diseases.
- **Health Awareness:** Health camps and awareness rallies actively addressed sanitation and hygiene needs in the community as part of preventive healthcare.
- **SDG 12: Responsible Consumption and Production**

This goal is the foundation of the university's environmental commitment.

- **Waste Management:** The **"Bottles for Change" Plastic Bottle Collection Drive**, in partnership with Bisleri, explicitly promoted **responsible consumption and production** patterns by raising awareness about plastic recycling and collection methods. The amount collected—**16 kilograms**—demonstrates tangible action.
- **Sustainable Agriculture:** The ELU projects like **Vermicompost** encourage circularity by transforming organic waste into valuable agricultural inputs, reducing the dependency on chemical fertilizers.
- **SDG 13: Climate Action & SDG 15: Life on Land**

These environmental goals are addressed together through several green initiatives.

- **Reforestation and Carbon Sequestration:** The massive **"Ek Ped Maa Ke Naam 2.0" Plantation Drive** (planting **2,100 saplings**) and the earlier large-scale plantation drive directly contributed to increasing green cover on campus and in adopted villages, combating climate change and halting biodiversity loss.

- **Biodiversity Conservation:** The **Bird Feeder Installation Activity** on World Earth Day protected local bird species and enhanced urban biodiversity, linking to life on land conservation efforts.
- **Waste Reduction:** The "Bottles for Change" activity contributes to **Climate Action (SDG 13)** by reducing plastic pollution and energy consumption related to new plastic production.
- SDG 17: Partnerships for the Goals

VGU leverages collaborative action to magnify its impact.

- **Industry & NGO Partnerships:** Strategic collaborations include:
 - The NSS-Bisleri partnership for "**Bottles for Change**".
 - The Memorandum of Understanding (MOU) with **JEEVANMUSHROOM OPC PVT. LTD.** for student training and joint research in mushroom production.
 - Collaborations with **Chief Medical and Health Office (CMHO)** and **World Vision** for community health checkups.
- **Institutional Cooperation:** Activities like the legal camp (Faculty of Law, Pro Bono Club, and UBA) and the extension activity at Nahargarh Fort involve multiple internal and external stakeholders (NSS, NCC, UBA, Rajasthan Traffic Police, etc.), fostering shared responsibility for social goals.

REPORT

Topic:- Food Distribution Drive

Date: 15th October 2025

Venue: VGU

(Established by Act no. 11/2012 of Rajasthan state Legislature u/s 2(f) of the UGC act/1956 and approved by AICTE)

Report on Food Distribution Drive

Report: NSS Session on Food Distribution Drive

The NSS units of Vivekananda Global University (VGU) organized a Food Distribution Drive with the aim of helping the needy and spreading the message of compassion, sharing, and humanity. The event was conducted in the nearby slum areas and orphanages of Jaipur, where many people face food scarcity on a daily basis.

The main objective of the drive was to make sure that no one sleeps hungry and to encourage students to contribute towards society by helping those in need.

The volunteers collected food packets, fruits, and biscuits with the help of the university contributions. All the food items were carefully packed in a clean and hygienic way to ensure safety for the receivers. The NSS team divided themselves into small groups and visited different locations, including nearby slums, orphanages, and roadside areas.

During the drive, the volunteers distributed around 200 food packets among children, elderly people, and daily wage workers. They interacted warmly with everyone, shared smiles, and made the atmosphere cheerful. The recipients expressed their gratitude and happiness, and the volunteers felt proud to be part of such a meaningful activity.

The food distribution drive helped students understand the real value of helping others and the joy of giving. It also taught them teamwork, organization, and the importance of serving the community selflessly.

REPORT

Topic:- Bottles for Change

Date: 30th September 2025

Venue: VGU

(Established by Act no. 11/2012 of Rajasthan state Legislature u/s 2(f) of the UGC act/1956 and approved by AICTE)

Report on Bottles for Change Activity

Report: NSS Session on Bottles for Change Activity

On 30th September 2025, the NSS volunteers of Vivekananda Global University (VGU), Jaipur, took an important step toward protecting the environment by organizing a Plastic Bottle Collection Drive. This activity was part of the “Bottles for Change” initiative in collaboration with Bisleri International Pvt. Ltd., under a formal Letter of Association (LOA).

The main goal of this campaign was to make people aware of how plastic can be reused and recycled instead of being thrown away. “Bottles for Change” is a special program started by Bisleri to educate people about the correct way to collect and recycle plastic. It encourages everyone to clean, dry, and store used plastic bottles separately so they can be sent for recycling. This helps reduce plastic pollution and keeps our environment clean and green.

During the drive, NSS volunteers collected around 16 kilograms of used plastic bottles and wrappers from different parts of the university campus. The students worked together to teach others about separating clean plastic from normal garbage. They placed collection bins in several areas, such as near the canteen, library, and hostel entrances, so that everyone could contribute easily.

The volunteers also organized small awareness talks and put up posters around the campus with messages about reducing plastic waste and keeping the environment clean. The event received great support from students, faculty members, and staff, who actively participated in the campaign.

The collection of 16 kilograms of plastic is not just a number—it represents the strong commitment of VGU students and staff toward protecting nature. This small effort is a big step towards building a cleaner, greener, and more responsible campus. It also supports the United Nations Sustainable Development Goals (SDGs), especially:

- Goal 12: Responsible consumption and production
- Goal 13: Climate action
- Goal 17: Partnerships for the goals

This was the first official collection drive organized under the “Bottles for Change” program at VGU, but it will not be the last. The university plans to continue organizing such drives regularly with the support of Bisleri. The aim is to make VGU a plastic-free and eco-friendly campus in the near future.

Through this event, students not only learned about the importance of recycling but also developed qualities like teamwork, leadership, and responsibility. The campaign proved that when young people come together with a strong purpose, they can make a real difference.

Plantation Drive

“Ek Ped Maa k Naam”

The NSS unit and UBA of Vivekananda Global University organized a large-scale Plantation Drive on 07–08 August 2024 to promote environmental sustainability and increase green cover on and around campus.

📍 Location: VGU Campus & Adopted Villages

👥 Participants: 1400+ students and faculty

🌱 Saplings Planted: 5100+ (Ashoka, Neem, Sesam, etc.)

The event was inaugurated by Director Gaurav Bagaria, Pro-President Prof. D.V.S. Bhagavanulu, and Registrar Praveen Choudhry, who highlighted the vital role of trees in combating climate change.

Highlights:

- 850 saplings planted in each adopted village
- Expert guidance on proper planting techniques
- Strong community and departmental participation
- Enhanced student awareness on environmental conservation
- The drive was a meaningful step toward a greener future and reflected VGU's commitment to sustainable development.

Swacchta Hi Sewa

The National Service Scheme (NSS) Units and UBA of Vivekananda Global University celebrated the 55th NSS Day on 24th September 2024, coinciding with Rajasthan's Swachhta Pakhwada under the Swachh Bharat Abhiyan. In the presence of NSS Regional Director Mr. S.P. Bhatnagar and MP Dr. Manju Sharma, volunteers pledged to maintain cleanliness and committed to a week-long drive.

On September 25, volunteers visited Goner Rampurbas, cleaned areas around homes and shops, and spread awareness about cleanliness. The next day, they conducted a cleanliness drive at Siroli Tataki Dhani Government School, interacted with students, and donated green boards.

On September 27, a Cleanliness Quiz was held to educate students on hygiene, with enthusiastic participation and prizes. On September 28, volunteers visited Siroli Gram Panchayat to understand rural sanitation challenges and engage in community development.

The event “स्वच्छता ही सेवा, स्वभाव स्वच्छता, संस्कार स्वच्छता” on September 30 emphasized cleanliness as a societal and personal value through workshops, poster-making, and awareness drives. On October 2, the final day, students, faculty, and staff united to clean the campus and played a fun competition-based cleanup game, reinforcing community spirit and responsibility.

The week fostered environmental awareness, social commitment, and a strong sense of teamwork among participants, highlighting the true spirit of NSS and UBA .

Bird Feeder Installation

On April 22, 2025, in celebration of World Earth Day, the NSS units, NCC Coy and UBA of Vivekananda Global University, in collaboration with the Rajasthan Environment and Energy Conservation Centre, organized a Bird Feeder Installation Activity. The event aimed to promote urban biodiversity, raise environmental awareness, and instill eco-conscious values among students and faculty.

Objectives:

- Provide safe feeding spaces for local bird species.
- Encourage student and faculty involvement in environmental conservation.
- Enhance biodiversity and promote sustainable ecosystems on campus.

As part of the initiative, 101 bird feeders (Parindes) were strategically installed across adopted villages. The installation was carried out with enthusiastic participation from NSS volunteers, NCC cadets, UBA and faculty members. More than a symbolic gesture, the feeders aim to offer nourishment to birds, especially during extreme weather conditions, supporting ecological balance and wildlife sustainability.

Outcomes:

- Created consistent food sources for urban birds.
- Promoted student and faculty engagement in conservation efforts.
- Fostered a greener and more bird-friendly environment.
- Raised awareness about urban wildlife and the importance of ecological stewardship.

Awareness Rally

Our day began with an awareness rally, where we walked through the village streets, engaging with residents and discussing key topics such as environmental conservation, organ donation, and health awareness. We emphasized the importance of protecting natural resources, reducing waste, and planting more trees to combat climate change. Additionally, we educated villagers about the significance of organ donation, dispelling common myths and encouraging them to consider how they could help save lives. Health awareness was another crucial topic, where we educated the villagers about sanitation, hygiene, and the need for regular medical check-ups to prevent common illnesses.

After the rally, we also conducted a survey to understand the specific challenges the villagers face. Many shared concerns about inadequate healthcare facilities, lack of clean drinking water, and the need for better educational resources for children. Our interaction helped us connect with the community on a deeper level, and together, we brainstormed potential solutions. This initiative reinforced our commitment to social responsibility, reminding us that small efforts can create meaningful change in people's lives.

Health Checkup Camp

The medical camp offered a comprehensive range of services to ensure that people received proper medical attention. Four specialist doctors from different fields—General Medicine, Gynaecology, Dental, and Eye Care—were present to provide consultations. Patients with common ailments were given medical advice, while women received specialized gynaecological consultations. Dental check-ups were conducted to promote oral hygiene, and eye care specialists provided essential screenings to detect vision problems. Additionally, free medicines were distributed to all patients, ensuring that they had access to necessary treatments without financial burden.

Silicosis Health Checkup Camp

Under the Unnat Bharat Abhiyan, Vivekananda Global University organized a Health Check-up Camp on October 8, 2024, at Siroli Village, Jaipur, in collaboration with the Chief Medical and Health Office (CMHO), Rajasthan, the Primary Health Center (PHC), and World Vision. Over 100 villagers received free health screenings, and 18 silicosis-positive cases were identified for linkage with government welfare schemes. The initiative aimed to promote health equity and address occupational health challenges in rural communities. It also highlights the importance of collaborative efforts in achieving equitable healthcare access in underserved communities.

Legal Right Awareness

The Pro Bono Club and UBA of Vivekananda Global University organized a Food Distribution and Legal Rights Awareness Camp at Rajkiya Uchch Madhyamik Vidyalaya, Seroli, in March 2025 as part of its community outreach initiative. The event supported underprivileged students by providing food packets and stationery kits while educating them on child rights, including the right to education, nutrition, and protection. Conducted through interactive activities, the camp enhanced awareness and engagement among students. The initiative was well-received, highlighting the importance of such community-centered programs.

Food Distribution Activity

On the occasion of World Food Day, NCC cadets in collaboration with the Unnat Bharat Abhiyan (UBA) organized a food distribution drive for underprivileged communities. The initiative, conducted under the Unnat Bharat Abhiyan scheme, aimed to promote social responsibility and compassion among youth. By providing food packets to the needy, the cadets contributed to addressing hunger and supporting community welfare. This effort reflected their dedication to service, inclusivity, and nation-building while spreading awareness about the importance of collective action for a hunger-free society.

Request for Industrial Visit – Hotel Management Students (September 2025)

HR Buenavista India <hr@buenavistaindia.com>
To: VIKAS RANA VGUHTM013 <vikas.rana@vgu.ac.in>

Wed, Sep 10, 2025 at 11:54 AM

Dear Mr. Vikas,

Greetings of the day!!!

As discussed yesterday and as per the trail mail, we confirm the student visits scheduled on 18th and 25th September at 11:00 AM.

Thanks & Regards,

Narender Chandela

ACTIVITY REPORT

Name of Activity - Industrial Visit

Date of Activity - 18.09.2025

Place of Activity – Beuna Vista Resort, Jaipur

The Department of Hotel Management at Vivekanand University believes in the holistic development of its students. Therefore, always strive to provide enormous opportunities to nurture their talent by organizing various activities and events during the entire academic session.

Learning leads to acquiring new knowledge, behaviours, skills, values, preferences, or understanding and sometimes involves synthesizing different information types. The student of 1st Semester were taken for industrial Visit to enhance their skills and enrich their knowledge in hotel core areas – Front Office, F&B Service, Housekeeping and Food Production. Hotel management department organize an industrial visit for hotel management students. Students of Hotel Management organized an industrial visit to the Beuna Vista Hotel, Jaipur, on 18/09/2025. Students know about the different types of departments and their operations. Students know about the types of services provided to guests in the hotel. Students also visit the back areas of the hotel and come to know about how the back-office staff perform operations in the busy hours. HR Manager Mr. Narendra Chandela Shared insights into human resource practices, staff training, and employee welfare initiatives. Executive Chef Ram discussed kitchen hierarchy, menu planning, food production techniques, and hygiene standards in culinary operations. Front Office Manager, Mr. Amit Singh, explained guest handling procedures, reservation systems, and customer service excellence. Executive Housekeeper Mr. Rakesh Singh highlighted the housekeeping department's role in guest satisfaction, upkeep of rooms, and sustainable practices.

Overall, the trip was fruitful and students learn much more about the operations. The HR manager also took a Q&A round with the students to check what knowledge the students gained during their property round.

Report on Industrial Visit to Akshaya Patra Foundation, Jaipur

The Department of Hotel Management organized an industrial visit to the NGO-run kitchens of the Akshaya Patra Foundation, Jaipur, on 25th September 2025 (Thursday). The visit was scheduled to commence at 9:30 a.m., and all participating students were instructed to assemble in the department by 8:45 a.m. sharp.

The purpose of the visit was to provide students with firsthand exposure to large-scale institutional kitchen operations, food safety protocols, production planning, and distribution processes followed by one of the world's largest NGO-run meal programs. The Akshaya Patra Foundation is renowned for preparing mid-day meals using advanced technology and strict hygiene standards, making it a valuable learning experience for hotel management students.

Students were directed to maintain proper grooming standards in accordance with the department's professional code of conduct. They were also instructed to carry their valid college ID cards as part of the verification and discipline requirements.

This visit aimed to enhance students' understanding of:

- Bulk food production techniques
- Operational efficiency in large-scale kitchens
- Quality control and hygiene practices
- Logistics and food distribution systems
- Role of NGOs in community nutrition

The industrial visit is expected to bridge theoretical knowledge with practical exposure, helping students gain deeper insights into real-world food service operations beyond the commercial hospitality setting.

Overall, the visit to the Akshaya Patra Foundation serves as an important academic initiative, fostering professional learning, social awareness, and industry-oriented competencies among the students of the Department of Hotel Management.

NOTE SHEET
Department of Hotel Management.

The Department of Hotel Management is pleased to announce the celebration of *World Tourism Day* on **26th September 2025**, with the global theme "*Tourism and Sustainable Transformation*."

As part of the extension activity under "*Clean Tourism, Green Tourism*," the Department will organize **Cleanliness & Sustainability Drives** at the tourist site **Nahargarh Fort, Jaipur**. This activity will not only encourage students to actively engage in responsible tourism practices but will also create awareness among visiting tourists about the importance of maintaining cleanliness, preserving heritage monuments, and adopting sustainable habits. For students, the drive will provide practical exposure to community engagement, teamwork, and eco-friendly tourism initiatives, while for tourists, it will serve as a reminder of their role in protecting cultural heritage and supporting a cleaner, greener tourism environment.

A total of **50 students** are expected to participate in the visit, accompanied by **four faculty members** to ensure proper guidance and supervision.

All concerned students are requested to participate actively in this academic and cultural learning experience.

Date of Visit: 26th September 2025
Venue: Nahargarh Fort, Jaipur

Estimated requirements:-

- 2 Buses (8:30 AM-02:30 PM)
- Snacks for 50 pax.

Put up for kind Approval

Pics of Extension Activity (Clean Tourism and Green Tourism)

Report

The Department of Hotel Management, Vivekananda Global University, Jaipur, organized an extension activity on the occasion of *World Tourism Day* celebrated on **26th September 2025**. The global theme for the year was “*Tourism and Sustainable Transformation.*” The activity was designed to highlight the importance of sustainability in tourism and to foster a sense of responsibility among students and tourists alike.

Objective of the Activity

The main objective of this initiative was to promote the theme “**Clean Tourism, Green Tourism**” through practical engagement. The event aimed to:

- Encourage students to practice and promote responsible tourism.
- Create awareness among tourists about cleanliness, heritage preservation, and sustainable practices.
- Provide students with hands-on experience in community engagement and eco-friendly initiatives.

Activity Details

Date of Visit: 26th September 2025

Venue: Nahargarh Fort, Jaipur

Organized by: Department of Hotel Management, VGU

The extension activity focused on **Cleanliness & Sustainability Drives** at Nahargarh Fort. Students participated actively in cleaning drives around the tourist site and interacted with visitors to spread awareness regarding heritage preservation and environmental sustainability.

Impact of the Activity

1. **For Students:**
 - o Enhanced awareness about sustainable and responsible tourism practices.
 - o Gained exposure in teamwork, community participation, and eco-friendly tourism initiatives.
 - o Developed a deeper sense of responsibility towards heritage conservation.
2. **For Tourists:**
 - o Understood the importance of cleanliness and sustainable habits while visiting heritage sites.
 - o Inspired to contribute towards protecting cultural heritage and promoting green tourism.

Conclusion

The celebration of *World Tourism Day 2025* at Nahargarh Fort successfully blended academic learning with community service. It instilled in students the values of responsible tourism and reinforced the global call for sustainability in the tourism sector. The initiative not only benefitted the student community but also created a positive impact on the visiting tourists, thereby contributing to the broader vision of *Tourism and Sustainable Transformation*.

MEMORANDUM OF UNDERSTANDING

BETWEEN

VIVEKANANDA GLOBAL UNIVERSITY
Jaipur, Rajasthan

AND

JEEVANMUSHROOM (OPC) PRIVATE LIMITED
Jaipur, Rajasthan

PREAMBLE

Whereas, Vivekananda Global University, Jaipur, Rajasthan is charged with responsibility of training technical and scientific manpower in various front-line areas of importance for the Nation and is also contributing to the rapidly growing scientific and technological knowledge and professional excellence in Agricultural Sciences by undertaking industrial & Village attachment training.

Whereas, Vivekananda Global University, Jaipur, Established by Act No. 11/2012 of Rajasthan Govt and covered u/s 2(f) of UGC Act 1956 and recognized by All India (PCI) Pharmacy Council of India, (BCI) Bar Council of India, Architecture Council of India (AICTE), New Delhi member of AIU for constituent college and academic and research organizations.

Vivekananda Global University, Jaipur have agreed to collaborate with the following general provisions and terms.

Whereas, JEEVANMUSHROOM OPC PVT. LTD. is engaged in Commercial Mushroom Spawn production of different species and cultivated most of the species of mushroom at JEEVANMUSHROOM OPC PVT. LTD. farm. JEEVANMUSHROOM OPC PVT. LTD. also provides the Mushroom cultivation Training for skill development and entrepreneurship.

Whereas, Department of Agriculture of Vivekananda Global University and JEEVANMUSHROOM OPC PVT. LTD., now

- Recognizing the importance of research and development in the areas Mushroom Production, as well as imparting mushroom training to the Agriculture students, etc.
- Appreciating the need for creation of large reservoir of highly qualified manpower in all fields related to Mushroom Production.
- Desiring to club their efforts by pooling their expertise and resources,

INTEND to form a nucleus for promoting excellent quality manpower in the fields of Agricultural sciences with special emphasis on Mushroom Production

NOW, THEREFORE, in consideration of the mutual promises made herein and of good and valuable consideration, the receipt and sufficiency of which VIVEKANANDA GLOBAL UNIVERSITY and JEEVANMUSHROOM OPC PVT. LTD. hereby acknowledges, Department of Agriculture and Agribusiness Management, VIVEKANANDA GLOBAL UNIVERSITY and JEEVANMUSHROOM OPC PVT. LTD. hereby agrees to sign a memorandum of understanding (MOU).

SCOPE OF THE MOU

This MOU details the modalities and general conditions regarding collaboration between Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY, Jaipur and JEEVAN MUSHROOM OPC PVT. LTD. for training of Mushroom Production without any prejudice to prevailing rules and regulations in Department of Agriculture and Agribusiness Management, VIVEKANANDA GLOBAL UNIVERSITY, JAIPUR.

SCOPE AND TERMS OF INTERACTIONS

Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY and JEEVANMUSHROOM OPC PVT. LTD. shall encourage interactions between the Students and faculty members of both the organizations through the following arrangements:

- a) Practical training of B.Sc. Agriculture students of VIVEKANANDA GLOBAL UNIVERSITY at JEEVANMUSHROOM OPC PVT. LTD. company or at VIVEKANANDA GLOBAL UNIVERSITY campus.
- b) JEEVANMUSHROOM OPC PVT. LTD. would train B.Sc. Agriculture students who have completed the 7th semester of their programme in such a number that JEEVANMUSHROOM OPC PVT. LTD. deems convenient to it for the purpose of enhancement of skill development and entrepreneurship.
- c) JEEVANMUSHROOM OPC PVT. LTD. may seek assistance/guidance of Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY faculty member/s in product/process modification, modernization, trouble shooting, etc.
- d) JEEVANMUSHROOM OPC PVT. LTD. may showcase its business activities at the seminar/workshop/conference, etc. at VIVEKANANDA GLOBAL UNIVERSITY.
- e) Faculty will be allotted a Research supervisor from Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY faculty members. The student maybe encouraged to take up the project such that JEEVANMUSHROOM OPC PVT. LTD. desirably benefits from its outcomes.
- f) The students will carry out part of ELP (Experiment Learning Programme) at Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY OR at JEEVANMUSHROOM OPC PVT. LTD. Institute and JEEVANMUSHROOM OPC PVT. LTD. depending on the nature of the work as per rules of the respective institute depending on facilities and requirements.
- g) If the outcome of a project related to product development, process technology and design etc. which involves matter of secrecy and concern with security of the State and the Country, the same will be allowed for publication/printing in any form such as Electronically/verbal, etc.
- h) Research supervisors from both the Institutes will be the corresponding authors in any publication resulting from the collaborative work. All the efforts put by the student/s as a part of this MoU will be accounted for by way of reporting the work in project report and/or paper publication except the part for which IPR needs be claimed.
- i) In any of the activities mentioned above, wherever financial aspects are involved, amount, payment conditions, etc. would be spelt out clearly before starting the activity.

SHARING OF FACILITIES

- a) Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY and JEEVANMUSHROOM OPC PVT. LTD. shall permit the sharing materials and components developed in-house in the areas of cooperation, if permissible within the rules governing the two institutions. However, responsibility for safety of software and other materials during the exchange will rest on respective Head of academic department/section.

EFFECTIVE DATE AND DURATION OF MOU:

- a) This MOU shall be effective from the date of its approval by competent authorities at both ends.
- b) The duration of the MOU shall be for a period of 5 years from the effective date.
- c) During its tenancy, the MOU may be extended or terminated by a prior notice of not less than six months by either party. However, termination of the MOU will not in any manner affect the interests of the students/faculty/scientists who have been admitted to pursue a programme under the MOU.
- d) Any clause or article of the MOU may be modified or amended by mutual agreement of JEEVANMUSHROOM OPC PVT. LTD. and VIVEKANANDA GLOBAL UNIVERSITY.

CONFIDENTIALITY

During the tenure of the MOU Department of Agriculture of VIVEKANANDA GLOBAL UNIVERSITY and JEEVANMUSHROOM OPC PVT. LTD. will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MOU for any purpose other than in accordance with this MOU.

Both VIVEKANANDA GLOBAL UNIVERSITY and JEEVANMUSHROOM OPC PVT. LTD. shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement or PROJECTS.

AMENDMENTS

Any amendment and/or addenda to the AGREEMENT shall be in writing and signed by the PARTIES hereto and shall only after such execution be deemed to form part of the AGREEMENT and have the effect of modifying the AGREEMENT to the extent required by such amendment or addenda.

Article 1: Objective

Providing a general framework for long-term collaboration and mutual understanding in areas of mutual interest, pertaining to develop Mushroom production and collaboration in education and publication between Vivekananda Global University, Jaipur and Jeevan Mushroom (OPC) Private Limited, Jaipur (Raj.)

- Each party will ensure appropriate protection of Intellectual property Rights generated from cooperation pursuant to MoU, consistent with laws, rules and regulations of India.
- Progress of work of any individual collaborative research project/programme will be reviewed and approved by designated project officers of both parties, in accordance with its individual agreement.
- The final approval of any collaborative research project/programme will depend on the availability of the guaranteed support funds.
- Neither nor Vivekananda Global University, Jaipur will be held responsible for any liability, and neither party shall be required to purchase any insurance against loss or damage to any personal/institutional property to which this Memorandum relates.
- Research instrumentation facility and library facilities available with the first party and the second party will be made available to the scientist, faculties and research scholars. However, the costs of specific consumable will be borne by the respective organization.
- The use of scientific equipments by either of parties will be allowed by either sides on the realization of charges in vogues. However, owing to signing of this MoU there will not be any financial implication on the part of either parties.
- There shall be an exchange of scientist, faculty and students for academic, research and training purposes. Wherever possible, as per extant fee.
- Both parties understand that all financial agreement will have to be negotiated separately and will depend on the availability of funds.

Article 6: Intellectual Property Rights (IPR)

The parties may sign and Intellectual Property Rights (IPR) document in order to secure rights when it comes to research results and publications.

Article 7: Limitation of Personnel Activities

The Parties shall ensure that any personnel engaged in the activities and/ or programs under this MoU shall not interfere with the internal political independence, sovereignty, and territorial integrity of the letter, any commercial ventures, and avoid any activities outside the aims of this MoU unless separate written arrangement.

RESOLUTION OF DISPUTES

- a) This agreement shall take effect and be construed in accordance with the Laws of India and be subject to the jurisdiction of the courts at Jaipur.

IN WITNESS WHERE OF PARTIES HERE TO HAVE ENTERED INTO THIS AGREEMENT EFFECTIVE AS ON THE DATE AND YEAR FIRST WRITTEN ABOVE.

Azolla

B.Sc.(Hons.) Agriculture Session 2024-25

Prepared by : Mr. Babu Lal Choudhary

Assistant Professor, Department of Agriculture

**Sector 36, NRI Road, Jagatpura, Jaipur (Raj.)- 303012
Ph.: 0141-2851000 E-mail: info@vgu.ac.in Website: www.vgu.ac.in**

Azolla Unit VGU, Jaipur

Session = 2024-25

Introduction

In the recent past agriculture as a profession is losing its charm among the farmers. This has been attributed to several reasons; important among them are spiraling cost of inputs coupled with uncertainty in the price of the product. This has been aggravated by non-availability of assured irrigation due to depletion in ground water. This has in turn manifested as distress among the farmers in substantial areas in Andhra Pradesh, Maharashtra, Karnataka and Kerala, which are otherwise considered as agriculturally developed areas. A couple of committees have gone into the root cause of distress and suggested that alternate income generating opportunities can be a major remedy for such disappointment among the farming community. Animal husbandry is one such alternative available to such distressed farmers. Again, availability of quality fodder to the animals is the major impediment in scientific management of animals because India, having only 2.4% of the world's geographical area sustains 11% of the world's livestock population. It accounts for 55% of the world's buffalo population, 20% of the goat population and 16% of the cattle population. This has put unbearable burden on our natural vegetation.

Azolla, hitherto used mainly as a green manure in paddy has tremendous potential to meet the growing demand for fodder among the small farmers taking up animal husbandry.

About Azolla

Azolla is an aquatic floating fern, found in temperate climate suitable for paddy cultivation. The fern appears as a green mat over water. The Blue Green Algae cyanobacteria (*Anabaena azollae*) present as a symbiont with this fern in the lower cavities actually fixes atmospheric nitrogen. The rate of nitrogen fixed is around 25 kg/ha.

As green manure, Azolla is grown alone for two to three weeks in flooded fields. Afterwards, water is drained out and Azolla fern is incorporated in the field before transplanting of paddy. Otherwise, 4-5 q of fresh Azolla is applied in standing water one week after planting of paddy. Dry Azolla flakes can be used as poultry feed and green Azolla is also a good feed for fish. It can be used as a bio-fertilizer, a mosquito repellent, in the preparation of salads and above all as a bio-scavenger as it takes away all heavy metals.

Advantages of Azolla

1. It easily grows in wild and can grow under controlled condition also.
2. It can easily be produced in large quantity required as green manure in both the seasons – Kharif and Rabi.
3. It can fix atmospheric CO₂ and nitrogen to form carbohydrates and ammonia respectively and after decomposition it adds available nitrogen for crop uptake and organic carbon content to the soil.
4. The oxygen released due to oxygenic photosynthesis, helps the respiration of root system of the crops as well as other soil microorganisms.
5. It solubilises Zn, Fe and Mn and make them available to the rice.
6. Azolla suppresses tender weeds such as Chara and Nitella in a paddy field.
7. Azolla releases plant growth regulators and vitamins which enhance the growth of the rice plant.
8. Azolla can be a substitute for chemical nitrogenous fertilizers to a certain extent (20 kg/ha) and it increases the crop yield and quality.

9. It increases the utilisation efficiency of chemical fertilizers.

10. It reduces evaporation rate from the irrigated rice field.

Nutrition value in Azolla

Azolla is very rich in protein (25-35%), Calcium (67 mg/100g) and Iron (7.3 mg/100g). The comparative analysis of the nutrient content of azolla vis-à-vis other fodder source is depicted in the following table.

Table: Comparison of biomass and protein content of Azolla with other fodder

S. No.	Item	Annual production of biomass (MT/ha)	Dry matter content (MT/ha)	Protein content(%)
1	Hybrid Napier	250	50	4
2	Kolakattao grass	40	8	0.8
3	Lucerne	80	16	3.2
4	Cowpea	35	7	1.4
5	Subabool	80	16	3.2
6	Sorghum	40	3.2	0.6
7	Azolla	1,000-2000	80	24

In addition to their farming activity, small and marginal farmers are generally capable of rearing 2 to 3 units of cow/ buffaloes. For traditional methods of rearing, the feed requirements are met out from agriculture residues and very rarely the farmers can afford to provide green fodder and oil cakes. In rare cases, green fodder is provided to the animals in the form of grass collected from the field or in few cases fodder is grown in the backyard. Even then the supply of green fodder is restricted to 5 to 6 months when water is available. Azolla fodder plot, if set up by these small farmers can cater to the fodder requirements of remaining part of the year. Azolla can be supplemented with regular feed of the animal @ 2-2.5 kg of azolla per animal.

Azolla, if grown for fodder is essentially required to be grown in hygienic environment and there should be regular supply through out the year. The fodder plots should preferably be near the homestead, where the female member of the family can attend to nurturing and maintenance.

Requirements for Azolla Growth

- Water:** 10-15 cm fresh current water is necessary in multiplication pond. Maintenance of adequate water level (at least 4 inches in the pond) is essential.
- Temperature:** Day/night temperatures ranging between 32°C and 20°C have found to be most favorable. The optimum temperature for luxurious growth of Azolla is 25-30°C.
- Light:** It prefers to grow well under partial shade.
- Relative Humidity:** The optimum relative humidity requirement is 85 to 90 per cent.
- Soil pH:** Azolla grows well in slightly acidic soil having 5.2 to 5.8 pH.
- Nutrition:** Being an N fixing fern Azolla does not require nitrogenous fertilizer for its growth. Phosphorous @20 kg/ha is desirable for good bio-mass production.

Steps of Azolla Culture

1. Selection of pond location:

- ❖ It is better to select an area near to the house to ensure regular upkeep and monitoring of the pond.
- ❖ A suitable water source should be nearby for regular water supply.
- ❖ The site under partial shade is ideal or else, shade has to be created to reduce the evaporation of water and also, for better growth of Azolla.
- ❖ The floor area of the pond should be free of pointed stones, roots and thorns that can puncture the sheet and cause leakage of water.

2. Pond size and construction:

- ❖ Size of pond depends on factors like number of cultured species, quantity of supplemental feed required and availability of resources.
- ❖ 4 units in an area of 10 feet X 4 feet for Azolla cultivation can produce about one kg of supplemental feed per day.
- ❖ Selected area should be cleaned and levelled. The side walls of the pond can be of either bricks or raised embankment with the excavated soil.
- ❖ After spreading the durable plastic sheet (silpauline, a polythene tarpaulin) in the pond, all the sides have to be secured properly by placing bricks over the side walls.
- ❖ After the inoculation of culture, the pond needs to be covered with a net to provide partial shade and also, to prevent the fall of leaves and other debris into the pond.
- ❖ Thin wooden poles or bamboo sticks are to be placed over the pond walls to support the shade net.
- ❖ Bricks or stones can be used as weights on the edges for securing the plastic sheet and also, the net over the pond area.

Pic. 1 Pond size of Azolla

3. Production of Azolla:

- ❖ Sieved fertile soil mixed with cow dung and water need to be spread uniformly in the pond.
- ❖ About 1 kg of fresh Azolla culture is needed for a pond of 6 X 4 feet size which need to be applied uniformly in the pond.
- ❖ Biogas slurry can also be used instead of dung.
- ❖ The depth of water should be four to six inches.
- ❖ During the monsoon season, if rain water can be harvested from the roof tops and used for cultivation of Azolla, it will ensure its excellent and faster growth.
- ❖ If the total salt content of the water used for growing Azolla is high, it will adversely affect the growth.

Pic. 2 Spreading of Azolla is uniformly in Pond

4. Maintenance of the pond:

- ❖ Application of about one kg of cow dung and about 100 grams of super phosphate once in two weeks will ensure better growth of Azolla.
- ❖ Any litter or aquatic weeds seen in the pond should be removed regularly.
- ❖ The pond needs to be emptied once in six months and cultivation has to be restarted with fresh Azolla

Pic. 3 & 4 Maintenance of Azolla

5. Harvesting and Feeding:

- ❖ Depending on the initial quantity of culture added, environmental conditions and nutrition, Azolla growth in the pond will be complete in about two to three weeks time.
- ❖ It can be harvested daily after the full growth. Plastic sieves can be used to harvest the biomass from the pond's surface.
- ❖ About 800 to 900 grams of fresh Azolla (mean yield per day in a season) can be produced from an area of 10 X 4 feet.
- ❖ Azolla can be fed to the livestock either in fresh or dried form. It can be given directly or mixed with concentrates.
- ❖ Azolla has to be washed thoroughly with fresh water to remove the smell of dung.

Pic. 5 & 6 Azolla is ready for harvesting

6. **Yield of Azolla:** Azolla produces around 8-10 tonnes of Green mass which is equal to 25-30 kg N₂ which is again equal to 55-66 kg of urea).
7. **Economics of Azolla:** The expenditure on preparing a 10 × 4 feet pond is minimal at Rs.500 (sheet plus labour cost). A farmer can realize a net profit of over Rs. 3000-4000 per annum from the additional fish production and reduced usage of concentrates' feeding for cultured fish species.

Precaution to be adopted

1. Maintenance of pure culture free from contamination is essential for good yield.
2. Azolla should be harvested regularly to avoid overcrowding.
3. Temperature is an important factor for good growth. It should be around 35 degrees Celsius. The fodder plot is to be covered with a plastic sheet in cold regions so as to reduce the impact of cold weather. Places with direct and adequate sunlight should be preferred. A shady place yields less.
4. pH of the medium should be between 5.5 to 7.
5. Suitable nutrients such as cow dung slurry, micronutrients should be supplemented as and when required.

Additional Information about Azolla :

Cost of units preparation (Fixed cost) = (Rs. 4000 @ 4 = 16000) 10 × 4
square feet = 40 s.f or 3.05 m ×
1.22 m = 3.70 m²
3.7 × 4 m² = 14.8 m²

Total Production = 494 kg from 4 units
Consumption = 494 kg (in Poultry unit)

Cost of cultivation of Azolla

Items	Rate	Rs.
Cost of Single Super Phosphate	2 kg@ 4= 8 kg@25	200.
Cost of Azolla seed	4 kg @400	1600
Neem Product pesticide		250
Labour	300	1200
Bucket plastic	4@Rs. 100	400
Strainer	4 per unit 45.00	180
Maintenance cost		1450
Total cost of cultivation		5280

Cost of cultivation = Rs. 5280

Gross return = 494 kg@ Rs.28 = Rs.13832

Net Return = Gross return-cost of cultivation= Rs. 13832 -Rs. 5280=

B: C ratio=8552/5280=1.6

Experiential Learning Unit- Nursery Unit

B.Sc. (Hons.) Agriculture

Session: 2024-25

Prepared by

Dr. Ramesh Chand Choudhary

**Assistant Professor
(Unit In-charge)**

Faculty of Agriculture

Vivekananda Global University, Jaipur

**(Established by Act No. 11/2012 of Rajasthan state Legislature u/s 2 (f) of the UGC Act\1956
& approved by AICTE)**

Experiential Learning Unit- Nursery Unit

B.Sc. (Hons.) Agriculture

Department of Agriculture, VGU, Jaipur

Dated: 05/03/2025

Introduction

Student's READY Programme & Experiential Learning in Agriculture

Student's READY (Rural Entrepreneurship Awareness Development Yojana) programme was launched by the Honourable Prime Minister on 25 July 2015. This programme consists of five major components designed to equip agriculture graduates with knowledge, skills, and experience:

1. Experiential Learning on Business Model / Hands-on Training
2. Experiential Learning on Skill Development
3. Rural Awareness Works Experience
4. Internship / In-Plant Training / Industrial Attachment
5. Student Projects

Experiential Learning Programme (ELP) Sanctioned by ICAR during the XII plan, ELP aims to develop competence, capacity building, skills, expertise, and confidence among agriculture graduates. Offered in the final year of the degree program, it follows the principles of "Learning by Doing" and "Seeing is Believing" fostering self-employment and entrepreneurship.

Objectives of ELP:

- i. Provide practical exposure to real-life agricultural settings.
- ii. Develop entrepreneurial skills in agriculture and allied sectors.
- iii. Enhance decision-making abilities through hands-on experience.
- iv. Promote self-employment and sustainable agricultural practices.

Experiential Learning with a business model helps students gain practical knowledge and understand business operations. After three years of theoretical and practical learning, students can apply their knowledge to business models and adopt the "Earn While You Learn" concept.

Experiential Learning Nursery Unit

Introduction:

This report outlines the implementation of an experiential learning program within our nursery unit, highlighting various activities designed to foster active learning through hands-on experiences, exploration, and sensory engagement, promoting holistic development in young children.

Key Objectives:

- To cultivate curiosity and a love for learning through interactive experiences.
- To develop fine motor skills through sensory play and manipulation of objects.
- To enhance cognitive development by exploring concepts through practical activities.
- To encourage social interaction and collaboration through group play.

Activities Implemented:

1. **Texture Play:** Providing various textures like sand, water beads, shaving cream, and different fabrics for tactile exploration.
2. **Color Exploration:** Setting up a "color mixing station" with paints and water to create different hues.
3. **Scent Play:** Using essential oils or fragrant herbs to stimulate the sense of smell.
4. **Outdoor Exploration:** Regular outdoor playtime in the garden, observing insects, plants, and weather changes.
5. **Nature Scavenger Hunts:** Hiding natural objects for children to find and identify.
6. **Planting Activities:** Planting seeds and watching them grow in a designated garden area.

The students of department of agriculture has done various activities during this session. In ELU- Nursery unit students of UG learn about how the plants are raised and what type of strategies required for marketing. During the session of 2024-25 various plants are raised in nursery unit with the help of UG students, that was helpful for them to making self-entrepreneur in future. On this unit the students learn about raising of various winter season annuals viz. Petunia, Gerbera, Marigold, Sweet William, Pansy and Aster. Students also learn about raising of seedling of winter season vegetables like Chinese Cabbage, Broccoli, Cauliflower, Chilli, Pea and Tomato in insect proof net house on raised beds.

The students of the agriculture department also learn about nursery management practices like poly bags filling, pot filling, repotting, various propagation methods like cutting, budding, grafting and direct seed sowing during their hands on practice.

There are some enlisted crops in table which are raised in polyhouse near the nursery unit during this session.

S. No.	Name of Crops	Cost of Seeds (Rs.)
1.	Petunia	1280
2.	Gerbera	
3.	Aster	
4.	Pancy	
5.	Sweet Willium	
6.	Marigold	40
7.	Tomato	2000
8.	Cabbage	150
9.	Cauliflower	120
10.	Chilli	250

Details of Crops

S. No.	Name of Crop	Scientific Name	Date of Sowing	Date of Transplanting	Date of Gap Filling
1	Petunia	<i>Petunia hybrida</i>	12/10/2024	06/11/2024	11/11/2024
2	Gerbera	<i>Gerbera jamesonii</i>	12/10/2024	06/11/2024	11/11/2024
3	Aster	<i>Callistephus chinensis</i>	12/10/2024	06/11/2024	11/11/2024
4	Pansy	<i>Viola tricolor</i> var. <i>hortensis</i>	12/10/2024	06/11/2024	11/11/2024
5	Sweet William	<i>Dianthus barbatus</i>	12/10/2024	06/11/2024	11/11/2024
6	Marigold	<i>Tagetes erecta</i>	21/10/2024	23/11/2024	31/11/2024
7	Chinese Cabbage	<i>Brassica oleracea</i> var. <i>capitata</i>	19/10/2024	15/11/2024	22/11/2024
8	Cauliflower	<i>Brassica oleracea</i> var. <i>botryties</i>	19/10/2024	16/11/2024	22/11/2024
9	Chilli	<i>Capsicum annum</i>	19/10/2024	16/11/2024	22/11/2024
10	Tomato	<i>Lycopersicum esculentum</i>	19/10/2024	16/11/2024	22/11/2024
11	Pea	<i>Pisum sativum</i>	19/10/2024	-	-

Preparation of nursery:

Agriculture students prepared nursery beds and ready protrays for raising of seedling of flowers and vegetables. After making of nursery beds the seeds of flowers (Petunia, Gerbera, Marigold, Sweet Willium, Pansy and Aster) and vegetables (Chinese Cabbage, Cauliflower, Chilli, Pea and Tomato) sown at both structure in raised beds as well as protrays. There are two different methods use for raising of seedlings.

Preparation of raised beds:

The students of our department are learn about how the raised bed are prepare by their on hands. For raising seedling in soil raised beds were prepared by the students.

Preparation of growing media and polybags filling:

The students of agriculture department learn about how to prepare a growing media for the horticultural crops. They have prepared media through hands-on practices by mixing of soil, vermicompost and leaf mould in 1:2:1 respective ratio. By these practices students understand the media preparation and polybags filling.

Media preparation and Polybags filling by students

Potting and Repotting: For indoor gardening pot plants are very important component so students learn about the potting procedure of plants. They also learn about preparation of pot media, planing methods, etc. They also learn about repotting of older pot plants. By hands on practices students know about care and management of pot plants.

Seed germination stage

Germination of Flowers

1. **Transplanting of seedling:** The seedling of vegetables and flowers are transplanted in main field and pots. The students of agriculture department has done this through hands on practices. Transplanting of vegetable and flowers in main field and pots were done by the students.
2. **Weeding:** Weeds are those plants which are other than main crop. They compete with main crop for everything may be light, space and nutrient also. The students increase their knowledge by identification of weeds and removing them. The students has done weeding in nursery and near the polyhouse area.
3. **Hoeing:** Digging of soil about 2 -3 cm is known as hoeing. For improve the soil aeration in root zone of plants hoeing was done by the students in nursery beds and polyhouse beds.
4. **Irrigation:** Water is applied in crop in every week interval. Students irrigate the flowering plants using the rosecan in every 5days. They also applied irrigation water to the vegetables in the main field.
5. **Manure and Fertilizer application:** Manures like FYM and vermicompost, fertilizer like urea, DAP and MOP was applied before sowing and transplanting.
6. **Crop Protection:** Students also learn about the disease identification in the nursery plants and also remedy about them.

Flowering stage of flower

Introduction

Student's READY Programme & Experiential Learning in Agriculture

Student's READY (Rural Entrepreneurship Awareness Development Yojana) programme was launched by the Honourable Prime Minister on 25 July 2015. This programme consists of five major components designed to equip agriculture graduates with knowledge, skills, and experience:

1. Experiential Learning on Business Model / Hands-on Training
2. Experiential Learning on Skill Development
3. Rural Awareness Works Experience
4. Internship / In-Plant Training / Industrial Attachment
5. Student Projects

Experiential Learning Programme (ELP) Sanctioned by ICAR during the XII plan, ELP aims to develop competence, capacity building, skills, expertise, and confidence among agriculture graduates. Offered in the final year of the degree program, it follows the principles of "Learning by Doing" and "Seeing is Believing," fostering self-employment and entrepreneurship.

Objectives of ELP:

- i. Provide practical exposure to real-life agricultural settings.
- ii. Develop entrepreneurial skills in agriculture and allied sectors.
- iii. Enhance decision-making abilities through hands-on experience.
- iv. Promote self-employment and sustainable agricultural practices.

Experiential Learning with a business model helps students gain practical knowledge and understand business operations. After three years of theoretical and practical learning, students can apply their knowledge to business models and adopt the "Earn While You Learn" concept.

Vermicomposting: An Overview Vermicomposting is an eco-friendly method of transforming organic matter of plant and animal origin into nutrient-rich compost through earthworms. Earthworms consume biodegradable matter and excrete nutrient-dense vermi-castings. This organic manure improves soil structure, enhances soil fertility, and supports sustainable agriculture.

Products & Applications:

- i. Provides essential nutrients and growth-enhancing hormones for plants.
- ii. Improves soil structure, enhancing water and nutrient retention.
- iii. Boosts plant productivity and crop quality.

Vermicompost contains significantly higher macro and micronutrient levels compared to conventional compost. It matures within 45-60 days, with 5-6 production cycles possible annually.

Planning & Implementation

1. **Guidance:** Lectures provided foundational knowledge and strategies for implementation. The marketing aspect was emphasized to anticipate challenges and solutions.
2. **Surveys & Understanding:**
 - i. Assess awareness and knowledge of vermicomposting.
 - ii. Identify implementation challenges.
 - iii. Evaluate economic and environmental impact.
 - iv. Gather feedback from farmers, gardeners, and households.

3. Implementation Steps:

Site Selection: Choose a shaded, ventilated area protected from direct sunlight and rain.

A. Materials Required:

- i. Earthworms (*Eisenia fetida* or *Lumbricus rubellus*)
- ii. Composting bins
- iii. Bedding material (shredded newspaper, dry leaves, coconut husk)
- iv. Organic waste (vegetable peels, fruit scraps, garden waste)
- v. Water spray for moisture control

B. Setup & Maintenance:

- i. Prepare bins with aeration holes.
- ii. Add 3-4 inches of bedding material and dampen with water.
- iii. Introduce earthworms (500 per square foot).
- iv. Bury food waste under bedding to prevent odors.
- v. Maintain moisture and aeration through regular monitoring.

C. Harvesting:

- i. Compost matures in 2-3 months, appearing dark and granular.
- ii. To separate worms, move compost to one side and introduce fresh bedding and food waste.
- iii. After two days, sift and collect the finished vermicompost.

Nutrient Profile of Vermicompost:

Nutrient	Nutrient Content in Vermicompost (%)
Nitrogen (N)	1.6 %
Phosphorus (PO)	0.7 %
Potassium (KO)	0.8 %
Calcium (Ca)	0.5 %
Magnesium (Mg)	0.2 %
Manganese (Mn)	96.5 ppm
Iron (Fe)	175 ppm
Zinc (Zn)	24.5 ppm
Copper (Cu)	5.0 ppm
C: N Ratio	15.5

Required Materials:

- i. Water, cow dung, thatch roof, soil or sand, gunny bags, earthworms
- ii. Weed biomass, composting bins, biodegradable waste

Vermicomposting Process:

- i. Choose bed or pit method (bed method is preferred for better aeration).
- ii. Mix cow dung with dried leaves (3:1 ratio) and pre-decompose for 15-20 days.
- iii. Prepare beds of 6x2x2 feet with a 15-20 cm bedding layer.
- iv. Introduce 1500-2000 earthworms per bed.
- v. Maintain moisture with daily water sprinkling and cover with gunny bags.
- vi. Turn the compost after 30 days to enhance decomposition.
- vii. Harvest mature compost after 45-50 days.

Market Potential Vermicompost is gaining popularity as a sustainable alternative to chemical fertilizers. It is widely used for crops, plantations, home gardens, and organic farming. Government agencies and NGOs promote its use through awareness campaigns. While demand has declined recently, its benefits continue to make it a valuable agricultural input.

Extension Activities & Awareness Programs

- i. Increase farmer productivity by supplying high-quality inputs.
- ii. Educate farmers on balanced and efficient fertilizer use.
- iii. Offer free advisory services from sowing to harvesting.
- iv. Utilize IT tools for real-time agricultural information.
- v. Promote government agricultural networks like Kisan Call Centres.
- vi. Facilitate collaboration between farmers, government agencies, and agribusiness companies.
- vii. Conduct farmer training programs on agrochemical usage.
- viii. Develop trained professionals to support the agricultural extension system.

Strengths, Weaknesses, Opportunities, & Threats (SWOT Analysis)

Strengths:

- i. Improves soil fertility, structure, aeration, and water retention.
- ii. Low-cost, easily adoptable technology.
- iii. Enhances crop value and international market demand.
- iv. Media campaigns raising awareness of organic farming.

Opportunities:

- i. Growing consumer preference for organic food.
- ii. Large quantities of biodegradable waste available for composting.
- iii. Government support for organic farming initiatives.
- iv. Low competition in vermicompost production.

Weaknesses:

- i. Higher initial production costs.
- ii. Limited awareness among farmers and consumers.
- iii. Longer production cycles due to natural decomposition.

Threats:

- i. Misinformation and negative perception due to low-quality producers.
- ii. Widespread preference for chemical fertilizers.
- iii. Dominance of large chemical fertilizer companies discouraging organic alternatives.

Multiplication of Worms in Large Scale

Prepare a mixture of cow dung and dried leaves in 1:1 proportion. Release earthworm 50 numbers/10 kg. Of mixture and mix dried grass/leaves or husk and keep it in shade. Sprinkle water over it time to time to maintain moisture level. By this process, earthworms multiply 300 times within one to two months. These earthworms can be used to prepare Vermicompost.

Advantages of Vermicomposting

- i. Vermicompost is an ecofriendly natural fertilizer prepared from biodegradable organic wastes and is free from chemical inputs.
- ii. It does not have any adverse effect on soil, plant and environment. +
- iii. It improves soil aeration, texture and tilth thereby reducing soil compaction.
- iv. It improves water retention capacity of soil because of its high organic matter content.
- v. It promotes better root growth and nutrient absorption.
- vi. It improves nutrient status of soil-both macro-nutrients and micro-nutrients.

Precautions

- i. Vermicompost pit should be protected from direct sun light.
- ii. To maintain moisture level, spray water on the pit as an when required.
- iii. Protect the worms from ant, rat and bird

Conclusion Vermicomposting is a sustainable and environmentally friendly solution to enhance soil fertility, reduce dependency on chemical fertilizers, and promote organic farming. With proper awareness, training, and government support, it can become a valuable tool for improving agricultural productivity and sustainability. The integration of vermicomposting into Experiential Learning Programs further equips students with practical skills, fostering entrepreneurship and self-employment in agriculture.

Production Details

During the 2023–24 session, various crops and plants were cultivated in our vermicompost unit with the participation of our students. In this unit, students gained hands-on experience in vermicompost preparation. Through practical learning, they acquired knowledge about vermicompost production, sales, income generation, and cost-benefit analysis.

There are some enlisted details of components in table which are using preparation of vermicompost during this session:

S. No.	Components	Quantity	Rate (Rs.)	Cost (Rs.)
1.	Cow Dung	3.65 tonnes	3800	3800
2.	Earth Worms	22 kg.	6600	6600
3.	Plastic Bags	2 kg	400	400
4.	Labour	5 Peoples	1600	1600
5.	Grass, Plants leaves	200 kg	--	--
6.	Miscellaneous items (gunny bags, packing materials, etc.)			1100
7.	Others			900
	Total Cost			14400/-
	Gross Return			36850/-
	Net Return			22450/-

/

Sellout of Vermicompost:

Total Vermicompost was prepared- 3685 kg.

Vermicompost Selling price was Rs. – 08 per kg.

Total Vermicompost sell price: Total production of vermicompost × Price rate per kg of vermicompost
 $= 3685 \times 10 = 36850/-$

Benefit Cost Ratio: $= \frac{\text{Net Return}}{\text{Total Cost}}$

$$\frac{22450}{14400} = 1.5$$

Amount of profit is equally distributed to the following students:

Expert Lecture
Department of Hotel Management
Vivekananda Global University, Jaipur
Date: 25/08/2025

The Department of Hotel Management of Vivekanand University believes in the holistic development of its students and faculty. Therefore, always strive to provide enormous opportunities to nurture their talent by organizing various activities and events during the entire academic session. Learning leads to acquiring new knowledge, behaviors, skills, values, preferences, or understanding, and sometimes involves synthesizing different information types.

Keeping the present industry scenario as the focus, in one of the many endeavors to enhance the students' and faculty's skills and enrich their knowledge experience through continuing the process of learning with webinars, seminars, conferences, and expert lectures as value addition, as per VGU's traditions. The Department of Hotel Management organized an expert lecture in the **Lecture Hall 305, Technology Block**, on **August 29, 2025**, from **2:00 pm to 4:00 pm**.

The session was conducted by “**Ms. Ashnee Sharma**”, **Front Office Faculty (IHM Jaipur)**. An expert lecture on recent trends in the front office aims to bridge the gap between academic knowledge and industry reality, providing participants with practical insights into new technologies, evolving guest expectations, and sustainable practices. Key purposes include enhancing guest experience, improving operational efficiency through automation and data, fostering adaptable and guest-centric staff, and promoting a deeper understanding of the front office's role as the hotel's communication hub. The lecture can cover how to leverage mobile check-in and other digital tools to streamline the guest journey and improve overall satisfaction. The expert discusses methods for handling guest complaints, ensuring prompt responses to requests, and resolving front desk challenges. Attendees will gain knowledge about front office management software and its role in improving services and managing daily operations effectively. She also focuses on the importance of strong customer service skills, including empathy and positive communication, which will be reinforced for front office executives.

Letter No. EHCC/JPR/2023-24/505

To
President/Secretary
Vivekananda Global University
Jaipur, Rajasthan

Sub: Regarding Empanelment of Eternal Hospital (a unit of Eternal Heart Care Centre & Research Institute Pvt. Ltd.), Jaipur.

Respected Sir,

Eternal Hospital (A unit of Eternal Heart Care Centre and Research Institute) has always set benchmarks in patient care, clinical research protocols and healthcare delivery systems. Eternal Hospital has emerged as the most preferred multi-speciality hospital of Rajasthan with 250 bed capacity. This landmark Healthcare Institute is the result of the vision of Mrs Manju Sharma and Dr. Samin K. Sharma, world renowned Interventional Cardiologist based at Mount Sinai Hospital, New York, USA. The **JCI (Joint Commission International)** accreditation consecutively for the second term is a testimony to Eternal Hospitals' constant endeavour to provide world-class patient care and maintain highest standards in healthcare delivery in Rajasthan. Eternal Hospital has a knowledge sharing arrangement with **Mount Sinai Hospital New York USA**, which has been internationally recognized for its top-performing physicians and revolutionary research centers. This tie up helps to understand the growing demands through which we are constantly planning and implementing measures that will take care of the health of tomorrow's India. We are focusing our efforts and investing our resources towards educating people on the importance of awareness, prevention and early detection. We believe that this is the best and the only enduring way to build a healthy India of tomorrow. Eternal Hospital is India's preferred Centre for Excellence from **American College of Cardiology**. this is further complemented by our teams of highly trained nurses and paramedical staff for which Eternal Hospital has been awarded with **Nursing Excellence Award**.

The Critical Care Units at Eternal Hospital have the unique expertise and ability to interpret important therapeutic information and they have access to sophisticated equipment to provide quality care round the clock. Currently the hospital is having 225 beds devoted for the patient comfort which includes ICU's, Economy Wards, Semi-private Rooms, Private/Deluxe Rooms and Super-Deluxe/Suite Rooms.

All construction and adaptation of technology has been done in adherence to international norms. An aesthetically inspiring building backed by highly dedicated customer services bear the

differentiating mark for Eternal Hospital. Latest range of equipment ranging from a highly equipped ICU, advanced Cath Lab and Radiological equipment like 256 Slice CT Machine, MRI and X- Ray are some of the examples of the high benchmarks Eternal Hospital maintains for its patients. Total environmental control with proper treatment of air and water, well provided waiting space, sophisticated and well stocked pharmacy and facilities for communication and refreshment enhances the patient comfort. Supporting most modern healthcare, we adhere to stringent infection control, environment protection, biomedical waste disposal, sewage treatment and rainwater harvesting.

Chief Highlights of 2023:

- For the 4th consecutive year 'Eternal Hospital' has been awarded as the Best Multispecialty Private Hospital of Jaipur by 'The Week Magazine' for Best Hospital Survey 2023.
- Eternal Hospital has been listed among top 20 hospitals of India by Industry Insight 2023.
- Your valuable feedback has helped us to reach highest ever google review rating of 4.5 stars.
- Crossed 100 Renal Transplants and did the first successful ABO incompatible kidney transplant.
- CT machine replaced by 256 slice advanced CT.
- Cath Lab - Replaced Philips FD-10 with Philips Azurian CM12 & CM20-high end in resolution.
- BMD Machine Primus by Osteosys 1st in Rajasthan with ability to measure body composition, skeletal morphology, and sarcopenia.
- Eternal Voice of Doctors – an event which had a gathering of around 1500+ doctors across the globe to showcase their singing talent in front of judges like Kumar Sanu and Alka Yagnik.
- Eternal Hospital is the 2nd Indian hospital having Recognition of Centre of Excellence (COE) from American College of Cardiology.
- Eternal Hospital is the only centre in Rajasthan with highest numbers of successful heart transplants.

REPORT

Topic:- Ek ped Maa Ke Naam 2.0

Date: 4th August to 8th August 2025

Venue: VGU

(Established by Act no. 11/2012 of Rajasthan state Legislature u/s 2(f) of the UGC act/1956 and approved by AICTE)

Report on Ek Ped Maa Ke Naam 2.0

Report: NSS Session on Ek Ped Maa Ke Naam 2.0

On 4th to 8th August 2025 The Van Mahotsav – Ek Ped Maa Ke Naam 2.0 initiative at Vivekananda Global University (VGU) was a five-day plantation drive held. This campaign was undertaken in response to the call of Honourable Prime Minister Narendra Modi, aimed at promoting environmental conservation and instilling a sense of responsibility towards nature among students and the community. Over the course of five days, a total of 2100 saplings were planted in university-adopted villages, the university campus, and nearby community spaces

DAY 1 – Khijooriya Jatan and Brahmanan

The first day of the plantation drive began with great enthusiasm as NSS volunteers gathered early at the Technology Block. After a short briefing session, the team proceeded to the adopted villages of Khijooriya Jatan and Brahmanan. Students were divided into small groups to ensure smooth distribution and planting of saplings. A total of 500 plants were planted, including 25 large saplings such as neem, peepal, and gulmohar. NSS leaders guided the students on proper planting techniques, including digging, placing organic manure, and watering. Villagers actively participated, showing their interest in maintaining the plants for long-term growth. Awareness talks were held with local residents about the benefits of afforestation and how it improves air quality and soil fertility. The day concluded with group photographs and documentation for the media team. The energy and teamwork displayed set a positive tone for the rest of the drive.

DAY 2- Barala and Rampura Bas Goner

The second day of Van Mahotsav was led by the NCC unit, starting from the Admin Block. Volunteers and cadets departed for Barala and Rampura Bas, carrying saplings, planting tools, and water cans. On reaching the locations, the teams quickly organised planting zones to cover maximum area efficiently. NCC cadets showcased discipline and teamwork, ensuring each plant was placed correctly and watered adequately. Alongside planting, awareness sessions were conducted in the local schools, where students were educated about the harmful effects of deforestation and the importance of preserving green cover. The plantation count again reached the target of 500 plants for the day. Local panchayat members appreciated the university's efforts and promised to protect the saplings. The cadets also placed protective coverings around the plants to safeguard them from animals. The day ended with an inspiring address by the NCC coordinator, motivating students to remain committed to environmental service beyond this event.

DAY 3- Siroli and Apna Ghar Ashram

On the third day, the plantation drive moved to Siroli and Apna Ghar Ashram, coordinated by the RR and RRC teams. Students assembled at the Academic Block before heading to the locations. The visit to Apna Ghar Ashram was especially meaningful as the residents eagerly joined the planting process. Volunteers planted a mix of flowering plants, fruit trees, and shade-giving species, ensuring diversity. At Siroli, the team focused on creating a small green belt near the village school to provide shade and a pleasant environment for children. The RR and RRC coordinators provided hands-on guidance to participants, ensuring correct spacing and planting depth for each sapling. The media team documented the entire process through photographs and interviews with villagers. Residents expressed gratitude for the initiative and pledged to take care of the plants regularly. By the end of the day, the targeted 500 plants had been successfully planted, adding to the growing tally of the Van Mahotsav drive.

DAY 4 – Nearby University Campus

Day four was dedicated to improving the green cover within and around the university premises. All student clubs, along with 3rd and 4th-year students, came together for a massive plantation activity. The drive started from the Board Gate, with students carrying saplings to pre-marked locations across the campus. The focus was on beautifying entry points, creating shaded walking paths, and covering open patches of land with greenery. Club leaders ensured smooth coordination by dividing participants into location-specific teams. Several decorative plants and flowering shrubs were planted near the administrative buildings, while larger trees were planted along the boundary walls. The enthusiasm among students was high, with many clicking pictures beside their planted saplings, promising to nurture them over time. By the end of the day, 500 plants had been added to the campus landscape, creating a more inviting and eco-friendly environment for all.

DAY 5- Closing Ceremony In Front Of Narayana Hostel

The final day of the Van Mahotsav plantation drive was marked by a vibrant closing ceremony in front of Narayana Hostel. All participating students, faculty, and staff members gathered to celebrate the success of the week-long initiative. The event began with a showcase of photographs and videos compiled by the media team, highlighting key moments from each day. A brief report of total plants planted across all villages and campus areas was presented, showing a significant contribution to environmental improvement. Dignitaries and coordinators addressed the gathering, appreciating the dedication of students and urging them to continue such initiatives regularly. Certificates of appreciation were distributed to active participants and team leaders from NSS, NCC, RR, RRC, and student clubs. The event concluded with the planting of a ceremonial tree, symbolising the university's commitment to sustainability. The sense of unity and purpose among all present made the Van Mahotsav 2025 a truly memorable and impactful event.

वन महोत्सव के अंतर्गत वीजीयू ने लगाए 2100 पौधे

सीमा सन्देश # जयपुर

प्रधानमंत्री मोदी के आह्वान पर और विवेकानंद ग्लोबल यूनिवर्सिटी (वीजीयू) के सीईओ इंजीनियर ओंकार बगड़िया के नेतृत्व में 4 से 8 अगस्त तक 'एक पेड़ माँ के नाम अभियान 2.0' आयोजित हुआ। विश्वविद्यालय द्वारा गोद लिए गए खजुरिया जाटन,

ब्राह्मण जाटन, बराला, रामपुराबास, गोनेर, सिरोली, अपना घर आश्रम व वीजीयू परिसर में एनएसएस, एनसीसी, आरआरसी, रेंजर-रोवर और विभिन्न क्लबों के छात्रों व स्वयंसेवकों ने 2100 पौधे लगाए। शुक्रवार को समापन समारोह में छायादार व फलदार पौधे लगाए गए। फाउंडर एंड वाइस चैयरपर्सन केआर

बगड़िया ने कहा, ग्लोबल वार्मिंग के बीच हमें पर्यावरण संतुलन बनाए रखने की जिम्मेदारी निभानी होगी। प्रेसिडेंट एनडी माथुर ने कहा, पौधारोपण समाज सेवा है, संरक्षण से ही इसका उद्देश्य पूरा होगा। डायरेक्टर वीटीएस डॉ. गरिमा सिंह ने बल दिया, पौधा लगाना ही नहीं, उनका संरक्षण भी जरूरी है। प्रो-प्रेसिडेंट डीवीएस भगवानुलु ने कहा,

यह अभियान समुदाय और विश्वविद्यालय को पर्यावरण संरक्षण के लिए जोड़ता है। कार्यक्रम में डॉ. के. राम बगड़िया, एमआर बागड़िया, डॉ. प्रवीन चौधरी, मालविका बगड़िया, सीए प्रदीप जैन, अनिल बागड़िया, डॉ. प्रमोद फौजदार, डॉ. बलदेव, मारुति, लेफ्टिनेंट कृष्णानंद, सुधीर वर्मा सहित गणमान्य उपस्थित रहे।

वीजीयू ने अभियान के तहत लगाए 2100 पौधे 'ग्लोबल वार्मिंग के बढ़ते खतरे से पर्यावरण संतुलन बिगड़ रहा'

जयपुर @ पत्रिका प्लस. प्रधानमंत्री नरेंद्र मोदी के आह्वान पर विवेकानंद ग्लोबल यूनिवर्सिटी (वीजीयू) के सीईओ ओंकार बगड़िया के नेतृत्व में 'एक पेड़ माँ के नाम' अभियान के अंतर्गत कार्यक्रम आयोजित हुआ। सीईओ ओंकार ने बताया कि विश्वविद्यालय की ओर से गोद लिए गांव खजुरिया जाटन, ब्राह्मण जाटन, बराला, रामपुराबास, गोनेर, सिरोली, अपना घर आश्रम और वीजीयू परिसर में 5 दिन में 2100 पौधे लगाए। वाइस चैयरपर्सन के. आर. बगड़िया ने कहा कि ग्लोबल वार्मिंग के बढ़ते खतरे से पर्यावरण संतुलन खोते जा रहे हैं। ऐसे में स्वच्छ वातावरण के लिए

जिम्मेदारी निभानी होगी। अवसर पर वीजीयू के चीफ पैटर्न डॉ. के.राम बगड़िया, पैटर्न एम. आर. बगड़िया, रजिस्ट्रार डॉ. प्रवीन चौधरी आदि मौजूद रहे।

Some details on the Event

1) “De-Addiction from Alcohol” By Mr. Anupam Tyagi

An expert lecture on “**De-Addiction from Alcohol**” was conducted on **24th August 2024** at the **Venus Auditorium, Tech Block, Vivekananda Global University (VGU)**. The session was delivered by **Mr. Anupam Tyagi**, a renowned expert in the field of addiction counseling and rehabilitation.

Mr. Tyagi discussed the **physical, psychological, and social impacts** of alcohol addiction, emphasizing the importance of **awareness, early intervention, and counseling** in overcoming dependency. He also highlighted various **rehabilitation methods, support systems, and lifestyle changes** that can help individuals recover effectively.

The lecture was highly interactive, with students actively participating in the discussion and sharing their thoughts on how society can contribute to de-addiction initiatives. The session concluded with a **vote of thanks**, appreciating Mr. Tyagi’s valuable insights and motivational approach.

2) Report on Vaidik Yoga Workshop

A **Vaidik Yoga Workshop** was organized on **11th September 2024** at the **Venus Auditorium, Tech Block, Vivekananda Global University (VGU)**. The workshop was conducted by **Dr. Swami Muktanand**, a distinguished yoga expert and spiritual teacher.

Dr. Muktanand guided the participants through various **Vaidik yoga techniques** focusing on physical well-being, mental peace, and spiritual growth. He also explained the relevance of ancient Vedic practices in maintaining a balanced and healthy lifestyle in the modern world.

The session included practical demonstrations and interactive discussions, which received enthusiastic participation from students and faculty members. The workshop concluded with a vote of thanks, appreciating Dr. Muktanand for his insightful and inspiring session.

3) Report on Health Check-up Camp at Barmer

A **Health Check-up Camp** was organized on **25th October 2024** at **Sheev, Barmer**. The camp aimed to promote health awareness and provide basic medical services to the local community.

A team of doctors and healthcare professionals conducted general health examinations, blood pressure and sugar level tests, and offered consultations on hygiene, nutrition, and preventive care.

The camp received an excellent response from the residents, who appreciated the initiative. The event successfully promoted the importance of regular health check-ups and healthy living habits among the rural population.

3) Report on Health Check-up Camp at Dantli

A **Health Check-up Camp** was organized on **13th December 2024** at **Dantli**. The camp aimed to provide primary health services and raise awareness about preventive healthcare among the local residents.

A dedicated team of doctors and medical staff conducted general health examinations, blood pressure and sugar tests, and offered consultations on nutrition and hygiene.

The camp witnessed active participation from the community, and the initiative was highly appreciated for promoting health awareness and delivering essential medical support to the rural population.

4) Report on Patient Records in the Department (Session 2024–25)

During the **session 2024–25**, the departments of **Physiotherapy** and **Paramedical Sciences** actively provided healthcare services and patient consultations.

The **Physiotherapy Department** recorded a total of **400+ patient check-ups**, offering treatment and rehabilitation for various musculoskeletal and neurological conditions. The **Paramedical Department** conducted **438 patient check-ups**, focusing on diagnostic, preventive, and basic healthcare services.

Both departments contributed significantly to promoting community health and providing quality medical support to patients, reflecting the institution's commitment to practical learning and public service.

Report on Traffic Rules Awareness Activity Conducted by Vivekananda NCC COY

Traffic Rules Awareness Activity

Date: 11th October 2025

Venue: 7 No. Choraha, Jaipur

Today, Vivekananda NCC Company organized an Awareness Activity on Traffic Rules in collaboration with the Rajasthan Traffic Police. The session featured an interactive talk by traffic police officers, live demonstrations on road safety measures, and a helmet distribution drive conducted by the cadets.

The initiative aimed to promote road safety awareness, responsible driving practices, and community service among students and the public. Through active participation, the cadets emphasized the importance of following traffic rules to ensure safety for all road users.

Conclusions

Foreword

A Gender Audit is an assessment process that is used to analyze an institution's gender equality and pinpoint its primary gender biases. It aims to understand the organization's current processes and situations from a gender perspective, highlighting areas of strength and weakness. It would capture employee attitudes, understandings, and behaviors regarding a range of themes, including the state of gender equality in organizational culture and procedures, policy and decision-making structures, and decision-making processes.

Additionally, a gender audit evaluates how successfully research, study curriculum, academic policies and programs, staff wellness and work management, and research are all influenced by gender perspectives.

Organizations can identify and understand gender trends in their human resource management practices, organizational culture, and the composition, structures, procedures, and policy and service design by using gender audits, a gender mainstreaming technique. They also help to ascertain the ways in which organizational performance and management choices impact gender equality inside the company. Gender audits pinpoint important gaps and challenges in gender roles and offer solutions through innovations and enhancements. They act as a benchmark so that advancement may be tracked over time.

About Our Institution

Established in 2012, Vivekananda Global University, Jaipur, stands as a trailblazer in its commitment to delivering a comprehensive education aligned with global standards. VGU is dedicated to providing an education that fosters coherence and integrity in intellectual pursuits, cultivating a social conscience among students. This approach aims to shape well-rounded individuals capable of critical thinking, considering issues from diverse perspectives, and communicating effectively.

An education at Vivekananda Global University places a robust emphasis on foundational knowledge, rigorous academic research, and practical engagement with real-world challenges. The diverse community of 7500+ students on campus, hailing from 24 states in India, and 29 other countries, benefit from a world-class learning experience offered through a range of undergraduate and postgraduate programs. These programs are led by our distinguished faculty, ensuring a comprehensive and top-tier educational environment.

Faculty members, originating from diverse regions of India, actively contribute to high-level research and publications. The university fosters a dynamic research culture through individual and collaborative projects, both on a national and international scale. Specialised centers, evolving from specific disciplinary domains, as well as multidisciplinary research initiatives, further enhance the vibrant and research-intensive atmosphere at the university.

Sponsored by the Bagaria Education Trust, Vivekananda Global University has evolved into a highly dynamic institution with a transformative mission and a comprehensive developmental agenda. With prestigious accreditations such as NAAC Grade A+ and ICAR, it stands out as one of the fastest-growing and leading universities in North India. Achieving this status within a mere decade, the university has successfully established itself as a prominent player not only in the educational landscape of Rajasthan but also on a national level.

Embracing a diverse spectrum of disciplines, the university thrives in an educational environment primarily focused on technical and vocational training. Since its inception, VGU has remained steadfast in its commitment to delivering holistic educational experiences. Beyond imparting academic knowledge, the university is dedicated to cultivating qualities that characterize a distinguished professional on the global stage.

Principal's outlook about gender equity & equality:

We believe that gender equity is the equitable allocation of resources, opportunities, and responsibilities among people, irrespective of their gender. Treating every person equally regardless of gender in terms of rights, opportunity, and respect is the foundation of gender equality.

We work hard to ensure that girls and boys have equal access to resources and educational opportunities as well as that they are not the targets of gender-based discrimination. We work hard to ensure that recreational, co-curricular, and academic activities are free of gender bias and stereotypes while maintaining an inclusive atmosphere for all students.

Through our administrative initiatives and policies, we support the establishment of an inclusive and varied environment where everyone has the chance to fulfill their full potential, regardless of background, identity, or circumstances. Sensitization efforts against domestic violence, job harassment, and sexual assault are typical.

Gender equity and equality in the workplace refers to giving men and women the same benefits and compensation, as well as equal access to working spaces, equal possibilities for growth, and a harassment- and discrimination-free work environment. There haven't been any reports of harassment from staff or faculty as of yet.

We attempt to achieve equity and equality by putting the ideas and practices into practice through the Gender equity Cell, Grievance Redressal Cell, Sexual harassment committee, Anti-ragging committee by putting various government plans into action, among other things. As gender equity and equality are both important principles for creating a fair and just society where all individuals have the opportunity to reach their full potential, regardless of their gender, we strictly strive for a gender-neutral institution with equal opportunities to all.

Prof. Purnakala Samant

MANAGEMENT SYSTEM CONSULTANCY

Service Provided: Green, Safety, Fire, Environment, Energy Audit and ISO, Information Security, Automotive, NABL, NABH, CSR, Food, Medical Certification and Training
Govt.Reg.No.200252020048281, MSME Reg.No.UDYAM-WB-14-0014572, GST No. 19FIIPM3803A1ZH

Objectives of the Audit Report

Gender parity is specifically stated as a desirable aim in the Preamble, Fundamental Rights, Fundamental Responsibilities, and Directive Principles of the Indian Constitution. as mandated by Article 14 of the Constitution, which protects universal rights for all persons regardless of their place of birth, ethnicity, gender, or race, to advance gender equality and prohibit discrimination based on gender. gives the state the right to refrain from discriminating against people on the basis of their gender, race, nationality, caste, ethnicity, or any combination of these.

The objectives are as follows:

- ✓ Implementation of practical steps to ensure the protection and safety of all genders.
- ✓ Establishment of an easily reachable, dynamic, impartial Grievance Redressal Cell.
- ✓ Prohibition of discrimination based on gender in all forms.
- ✓ Development of self-assurance and self-worth of female students, women faculty members and college staff.
- ✓ Arrangement of Programs for the whole development of personality fostering self-assurance among the institution's members.
- ✓ To join hands with IQAC, Anti-ragging Committee, and Discipline Committee and Internal Complaint Committee for creation of gender sensitization.
- ✓ Prevention and Protection of female students from being teased by others.

With the objective for key findings regarding gender neutrality and to ensure gender equality at our campus, our institution requested to conduct a gender audit.

MANAGEMENT SYSTEM CONSULTANCY

Service Provided: Green, Safety, Fire, Environment, Energy Audit and ISO, Information Security, Automotive, NABL, NABH, CSR, Food, Medical Certification and Training
Govt.Reg.No.200252020048281, MSME Reg.No.UDYAM-WB-14-0014572, GST No. 19FIIPM3803A1ZH

Methodology

As part of the audit, we conducted an offline survey through a form designed for all students, faculty, and the non-teaching staff in order to collate the respondent's perception on the prevailing gender sensitive practice/facilities in the college campus.

Curricular Aspects

Emphasized on value-based education though it had little scope to introduce new courses. Several measures have been done in light of the fact that sensitization programs are currently an absolute necessity on campus. Gender equity and equality have been internalized in all the aspects of our institution. The departments of Psychology, Economics, Hindi and English have courses Since its establishment in 1989, Government College of Arts, Science and Commerce always that address gender issues within their syllabus at the undergraduate level. Gender equality or women empowerment have always been given prime importance in the curriculum of the institute. Several departments offer gender-based papers as a part of regular curriculum. These are as follows:

1. Contemporary India: Women and Empowerment
2. Psychology of Gender and Identity
3. Understanding Gender and Power Politics
4. Women's Movement and Empowerment
5. Demography and Population Studies I
6. Demography and Population Studies II
7. Aadhunik hindi katha sahitya avam vyakaran
8. Madhyakalin avam aadhunik hindi kavya tatha vyakaran
9. Aadhunik hindi gadhya sahitya "Parichyayatma Addhyayan"
10. Asmitamoolak Vimarsh
11. Aadhunik Hindi Kavya Kaa Itihaas
12. Swatantryottar Hindi Gadya

Infrastructure and Learning Resources

The college is actively fostering the idea of gender sensitivity in various ways. Visualization and taking concrete actions allow us to focus on diverse spaces of empowerment and engage with issues that impact women's life within the campus. With a moderately high proportion of female faculties, staff, and students, we try our best in terms of empowering them.

- A women's hostel is under construction.
- A common room for women is available in the Arts & Commerce Building.
- Clean and well-maintained washrooms with necessary amenities are available in all the blocks.
- Medical room facility with a medical practitioner is available on call.
- The institutional library is constantly upgraded in terms of books and journals/e-journals.
- Adequate research facilities have been provided.
- Counseling facilities are available in the campus.
- Canteen facilities are available that serve healthy food.
- Good Sports facilities are available in the campus.
- The campus is on CCTV surveillance and physical monitoring by the security staff is ensured for safety and security.

Various Programme:

Panel Discussion Gender Equality Awareness & Challenges

Date of Talk: 26th Aug, 2023

Organized by: Department of Development studies of Vivekananda Global University, Jaipur

Speaker: 1. Mrs. Laad Kumari Jain, Ex. Rajasthan State Women Commission Chaireperson & Convener Legal Cell, RUWA

2. Dr. RAJEEV Gupta, Retd. Professor and Head of Sociology Department of University of Rajasthan

Participants: 189 (Students & staff)

Objectives: To empower women to reach their full potential and creating a world where gender doesn't limit opportunities.

Details: Event Outlines

1. Welcoming of guests
2. Panel Discussion
3. Queries
4. Felicitations
5. Questionnaire

Outcome: The panel discussion on gender equity organized by the ICC of Vivekananda Global University proved to be an enlightening and thought-provoking event. It brought together experts from various fields to discuss the multifaceted nature of gender equity and underscored the importance of fostering an inclusive and equitable society. The event served as a catalyst for further conversations and actions aimed at promoting gender equity and social justice.

Nari Suraksha aur Swabhiman – 5 Day Self Defence Workshop

Organized by: IQAC, Vivekananda Global University, Jaipur

Tainer: Constable Sushila choudhary (NIRBHAYA TRAINER)

Participants: 120 Students (Female)

Details: The program included Introduction and orientation, Techniques for various scenarios, Resilience & Teamwork, Practical Application & Parade, Culmination with Discipline

Objective: To trains female staff and students for self defence

Outcomes: The 5-day self-defense workshop at Vivekananda Global University was transformative, impacting the participants' thinking and lifestyle. The initiative not only equipped them with self-defense skills but also fostered a sense of empowerment and confidence. The support of the college administration and the collaboration with the Diya Kumari Foundation were instrumental in the success of the workshop.

Child Day Celebration

Date of Talk: 11 October, 2023

Organized by: ICC AND GCC in collaboration with Ruma Devi Foundation, Barmer

Coordinators: Dr. Mridula Purohit & Dr. Sunita Bishnoi

Participants: 120 Students (Female)

Objective: To promote awareness on gender equity

Details: Programme includes Panel discussion on Teenage Girls in India: Aspirations & Reality and on Challenges & Opportunities in achieving Gender Equality: Present & Future

Outcomes: Increased awareness, empathy, and potential

Swasth Mahila Sashakt Rashtra

Date of Talk: 25th October, 2023

Organized by: Department of Sciences, VGU, Jaipur under aegis of Manav Seva Trust Rajasthan

Participant: Bsc & Msc Zoology & Botany Students (34 STUDENTS)

Objectives: To spread awareness about female health, hygiene, child health care and sanitization.

Details: The program included awareness session, interactive sessions, information and resources

Outcomes: The Swastha Mahila Sashakt Rashtra extension activity proved to be a significant step towards empowering women and improving their health, ultimately contributing to the development of a stronger and more prosperous nation. The success of this activity reaffirms the importance of ongoing efforts to educate and support women in their pursuit of a healthier and more empowered life.

Program Title: Lecture on Gender Equity

Organized by: Department of Sciences, VGU, Jaipur

Speaker: Ms Bhoomika Badlani, Assistant Professor, VGU, Jaipur

Participants: 43 Students (both Male & Female)

Details: The session provided an overview of Understanding gender equity, Economic and social impact, & challenges and barriers, Questions and discussion

Outcomes: Lecture emphasis on gender equity is not an isolated issue but an essential aspect of building a more just and equitable society.

Welfare measures

Various welfare measures are initiated at the institutional level for promotion of gender sensitization with special concern for the girls through its various activities, notices and circulars. Following measures are initiated for gender sensitization and promotion of gender equity.

- Surveillance through CCTV cameras and monitored entry of all persons and vehicles.
- The committee of proctors/mentors consists of both male and female faculties.
- Lady staff members always accompany female students during study tours/college functions and other such activities.
- Availability of anti-sexual harassment cell, anti-ragging cell, women counselors etc. An anti-sexual harassment cell and internal Complaints Committee exists to handle the related issues. Till date no complaint has been received regarding such issues.
- An equal opportunity cell also exists to monitor the institutional working with any biases based on caste, creed, religion, age, financial status, nationality etc.
- Counselors are available on a daily basis. During COVID-19 Pandemic, online counseling has been initiated.
- Grievance Redressal Committee is in place for solving of their problems.
- Gender equity and equality are also discussed during handling of cross-cutting issues during curriculum delivery.
- Placement cell works for the career related counselling of both genders.
- On-campus availability of medical facility and for health-related counseling.
- Girls Common Room with all necessary amenities is available.
- Separate washroom for girls and lady staff is available in every block.
- Sanitary pad vending machines and incinerators have been installed.
- Awareness programs, Quiz on health and hygiene issues, women-specific government policies are organized.
- Special days dedicated to women icons are celebrated.
- Women are also felicitated for their contribution in respective fields.
- Wheelchair and other facilities are available for specially-abled students.

Annual Gender Sensitization Action Plan

It is made and implemented every year since 2018. A number of gender sensitization programs conducted and women-related themes and topics were taken up for discussion and debates by various departments with cleared timeline and cells and is monitored by IQAC.

Few practices that have been inducted are:

1. Provision of senior staff/mentor or advisor level/Psychological/career counselling for students which is a continuous process.
2. Conduction of regular meetings of Gender equality Cell, Internal Complain Committee, Anti-ragging Cell, Student Grievances Redressal Committees, for monitoring gender equality in the Institution.
3. Organizing Talks / Workshops / Conferences / Quiz / info talk / Webinar on gender related issues.
4. Celebration of International Women's Day and International day of the Girl Child.
5. Organize a student awareness program on sexual Harassment Act at work place
6. Conduction of awareness programs about sexual harassment, cyber security, traffic rules.
7. Provision of maternity leave/ child care leave/ special leaves for women staff members as per the existing State Government rules.
8. Regular counseling on state Government schemes on Girl Child & other schemes.
9. Regular counseling for health and hygiene of students under "poshan and aahar" programmes.

Key Findings

This gender audit was conducted to assess gender equity and identify areas for improvement in **VIVEKANANDA GLOBAL UNIVERSITY, JAIPUR**. The audit involved a review of policies and procedures, data analysis, and input from stakeholders including students, faculty, and staff. The findings of the audit indicate that while the college has made progress in promoting gender equity, there are still scopes of improvement in certain areas.

Policies and Procedures: The institution has policies and procedures in place to address gender equity issues. The policies are revised and accordingly amendment is done. In the preceding three years, no sexual harassment issues have been raised, which shows robust monitoring in the campus. To promote tolerance, harmony and women's empowerment our college pays great attention towards gender equity and gender sensitization. College always ensures equal concern for every student specially girls in the institution in all its notices and curricular, through its proactive faculty, staff and student through implementation of Annual Gender Sensitization Action Plan.

Curriculum: The survey found out that the designed curriculum is gender-neutral. But, a lack of diversity in course content and materials related to gender issues was noticed.

Student Experiences: The survey found out that a significant number of girls prefers admission in this institution. Female students as well as male students are provided with equal opportunities in academic and extracurricular activities. No gender-biased issues are observed. The whole campus is under tight CCTV surveillance. Adequate and good quality common room facilities are provided to the girl students.

Faculty and Staff: The survey found that the institution has policies and practices in place to promote gender-equality among faculty and staff including equal pay and non-discriminating policies. All the faculty and staff are recruited as per the govt. norms. Career advancement procedures are also followed as per the govt. norms. No gender-based barriers are observed during the recruitment of staff at the college and are done solely based on merit.

Facilities and Infrastructure: The survey found that the institution has sufficient facilities available on campus.

Campus Safety provisions: The institution has well drafted policy and procedures in place to address safety, security, gender-based violence and harassment, but there is a need for more awareness of these policies and procedures. However, the survey identified that some students and staff are not aware of the process of reporting incidents on gender-based violence and harassment.

MANAGEMENT SYSTEM CONSULTANCY

Govt.Reg.No.200252020048281, MSME Reg.No.UDYAM-WB-14-0014572, GST No. 19FIIPM3803A1ZH

Summary & Recommendations

1. Policies and Procedures: The institution should review and update its policies and procedures to ensure that they are effective in addressing gender equity in a broader aspect. It is appreciable that college maintains zero tolerance towards sexual harassment and no such untoward incident has been observed in the campus. Establish a routine schedule for gender audits to monitor progress and identify evolving challenges, ensuring sustained commitment to gender inclusivity.
2. Curriculum: The institution should review its curriculum to ensure that it includes a diverse range of perspectives, inclusive of gender issues. It is recommended to include outreach activities related to gender issues with societal background. Also, it is recommended, that meritorious women from various works of life be invited in the college for interactions. The library should also add biographies of renowned women from various fields to encourage girls for a better and respectable future.
3. Community and Stakeholder Involvement: Engage with the college community and relevant stakeholders to promote a collective commitment to gender diversity and inclusivity. Explore partnerships with organizations and institutions experienced in promoting gender equality to leverage expertise and resources for sustained improvement.
4. Student Experiences: The institution has increased its efforts to promote the safety of all students on campus, such as lighting in all the areas of campus, monitoring through CCTV surveillance, Suggestion and grievance box at every building, a proper mechanism for reporting and responding to gender-based violence and harassment. But students need to be more sensitized regarding gender biases and acquainted with policies and procedures through various mechanisms. A special focus on financial and legal empowerment needs to be addressed.
5. Faculty and Staff: The institution has a balanced gender ratio and the institution implements its policies to create better work-culture for faculty and staff.
6. Facilities and Infrastructure: The institution should have hostel for its students.
7. Campus Safety provisions: The institution should increase awareness programs of its policies and procedures for addressing gender-based violence and harassment. This may include offering training to students and staff on the reporting and response process. Foster transparent communication about the college's commitment to gender inclusivity, sharing progress, and seeking input from the college community.

It is my suggestion that the college continue its reputation of being a safe environment for women and retain its gender sensitive culture. Also suggest that more female students be encouraged to participate in sports and to contest for college-level leadership positions.

Conclusion

In conclusion, the findings of this gender audit demonstrate that **VIVEKANANDA GLOBAL UNIVERSITY, JAIPUR** maintains good Gender balance. It also identified the areas, where there is a need for continued efforts to promote gender equity and equality.

The institution should regularly upgrade its policies, practices, facilities and, focus on implementing strategies with recommended changes and monitor and evaluate the progress over time. Thus, the institution can promote a safer and more equitable environment and create a more inclusive and diverse environment that promotes a holistic excellence for its faculty, staff and students.
