2024-25

Department of Agri-Business Management (ABM)

VISIT REPORT

The Department of Agribusiness management, VGU has arranged a study visit of JEEVAN MUSHROOMS, Dantli on 03.09.2024 for B.Sc. (Agriculture +MBA) Ist Semester students.

The visit was coordinated by Er. Rajender Singh , Assistant Professor, Department of ABM, VGU. Ms. Pooja Tak , Assistant Professor, ABM, VGU. Total 50 students are benefited from this study tour. The team was guided by Dr. Shankar Lal Meena , at JEEVAN MUSHROOMS, Dantli . He briefed us about research conducting about mushrooms, field as well as about cultivation.

The major objective of the visit:

- To make students aware about current farming techniques and advanced technology in dr farming of Mushrooms and their harvesting, drip irrigation techniques to a variety of Mushrooms.
- To provide knowledge that how to improve the quality of the mushrooms which has crucial role in earnings of farmers.
- To connect what student learnend in class with actual activities conducted at the jeevan mushrooms.

SUMMARY:

Students from ABM department, 2 faculty members and 1 lab technicians had visited JEEVAN MUSHROOMS, Dantli on 03.09.2024 by bus. Students were divided into groups and each group was headed by one of the lab technician and faculty.

Industry visit: Students were taught about various equipments and techniques used in farming of mushrooms and how the farming is done in rural India. They were briefed about concepts and importance of advance technology. Inspite these, students got knowledge about different trials, treatment, technological system and learnt about varietal developmental programme in different mushrooms.

In our 1 day visit all students of ABM got practical knowledge about farming and harvesting of mushrooms.

We would like to extend our gratitude to Dr. Shankar Lal Meena , Director, JEEVAN MUSHROOMS, Dantli for giving us permission to visit and for their support to make our visit successful with accomplishment of objective. Our special thanks to Er Onkar Bagaria, CEO for providing transport and other facilities to make this visit a successful.

Dear Er. Rajender Singh (IIC Coordinator), Department of ABM, VGU

Thank you for your interest in organizing an industrial visit to Jeevan Mushroom (OPC) Pvt. Ltd. for your B.Sc. Agriculture + MBA first-year students on Tuesday, September 3rd, 2024.

We are delighted to grant permission for your students to visit our facility in Dantli, Jaipur. We believe this visit will be a valuable learning experience, providing them with firsthand knowledge about mushroom cultivation processes and the agribusiness industry.

Here are some details to help you plan the visit:

- **Date:** Tuesday, September 3rd, 2024
- **Arrival Time:** 9.30 AM .
- **Duration:** The visit can last approximately 9.30 AM to 10.30 AM (1 Hour's) .
- **Number of Students:** 30 to 35 Students.

We look forward to welcoming your students to Jeevan Mushroom!

Sincerely,

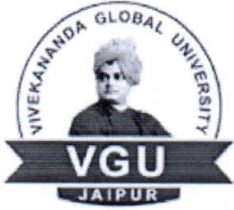

Mr. Shankar Meena (CEO)

ENERSOL BIO-POWER

At VKIA, Jaipur

SESSION

2024-25

Department: Agri-Business Management (ABM)

VISIT REPORT

The Department of Agribusiness management, VGU has arranged an industrial visit of Enersol Bio-Power, VKIA, Jaipur on 10.09.2024 for B.Sc. (Agriculture +MBA) Vth Semester students.

The visit was coordinated by Er. Rajender Singh , Assistant Professor, Department of ABM, VGU. Ms. Pooja Tak, Assistant Professor, ABM, VGU. Total 40 students are benefited from this study tour. The team was guided by President award winner Mr. Rai Singh Dahiya, at Enersol Bio-power, VKIA. He briefed us about research conducting about bio-power machinery and bio engine, bio-power field as well as about its applications.

The major objective of the visit:

- To make students aware about current bio-engine techniques and advanced technology in different sectors and their uses, applications as well as techniques to a variety of implementation.
- To provide knowledge that how to improve the quality of the bio-fuel machinery which has crucial role in earnings of farmers as well as different industries.
- To connect what student learned in class with actual activities conducted at the Enersol Bio-power.

SUMMARY:

Students from ABM department, 2 faculty members and 1 lab technicians had visited Enersol Bio-power, Vishwakarma Industrial Area, Jaipur on 10.09.2024 by bus. Students were divided into groups and each group was headed by one of the lab technician and faculty.

Industry visit: Students were taught about various equipment's and techniques used in farming and industries of power generation for different applications and how it is done in rural India. They were briefed about concepts and importance of advance technology in the field of bio-power. Inspite these, students got knowledge about different machinery, equipment's and technological system and learnt about varietal developmental program in different bio-power equipment's.

In our 1 day visit all students of ABM got practical knowledge about bio-engines and different new technology used to develop advance equipment's.

We would like to extend our gratitude to Mrs. Neeru Chahar, Marketing Director, Enersol Bio-power, VKIA, Jaipur for giving us permission to visit and for their support to make our visit successful with accomplishment of objective. Our special thanks to Er Onkar Bagaria, CEO for providing transport and other facilities to make this visit a successful.

(Established by Act 11/2012 of Rajasthan Govt. Covered under Section 2(f) of UGC Act, 1956)

Industrial Visit Report

On

Bio Gas Plant, Hingoniya, Jaipur

SESSION

2024-25

Department of Agribusiness Management (ABM)

Industrial Visit

At

Hingoniya Bio Gas Plant

Introduction:

On 25/09/2024, students from ABM had the opportunity to visit the Hingoniya Biogas Plant located in Hingoniya jaipur. The visit was organized as part of our curriculum to provide students with practical exposure to the workings of a biogas plant and its contributions to sustainable energy production.

Objective:

The primary objective of the visit was to familiarize students with the functioning, operations, and environmental impact of a biogas plant. Additionally, the visit aimed to educate students about the role of renewable energy sources in mitigating environmental challenges and meeting energy demands.

Overview of Hingoniya Biogas Plant:

Hingoniya Biogas Plant is a state-of-the-art facility dedicated to the production of biogas through the anaerobic digestion of organic waste materials. The plant utilizes various organic feedstocks, including agricultural residues, animal manure, and organic waste from households and industries, to generate biogas.

Key Highlights of the Visit:

1. Process Overview:

- Students were given a detailed explanation of the anaerobic digestion process employed at the biogas plant.
- The stages of biogas production, including feedstock preparation, digestion, and gas collection, were demonstrated.

2. Technology and Equipment:

- Students had the opportunity to observe the innovative technologies and equipment used in the biogas production process.
- The functioning of digesters, gas storage units, and gas purification systems was explained by plant technicians.

3. Environmental Benefits:

- The visit highlighted the environmental benefits of biogas production, including the reduction of organic waste and greenhouse gas emissions.
- Students gained insights into the role of biogas as a renewable energy source contributing to sustainability and climate change mitigation.

4. Community Impact:

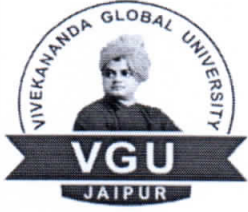

- Students learned about the positive impact of the biogas plant on the local

community, including job creation and waste management solutions.

- Discussions were held on the socio-economic benefits of biogas utilization in rural and urban settings.

Conclusion:

The visit to Hingoniya Biogas Plant provided students with a comprehensive understanding of biogas production processes, technology, and its significance in sustainable energy production. It was an enriching experience that complemented theoretical knowledge with practical insights into renewable energy systems and their environmental implications.

JAIPUR DAIRY, JAIPUR

At Bajaj Nagar, Jaipur

SESSION

2024-25

Department: Agri-Business Management (ABM)

VISIT REPORT

The Department of Agribusiness management, VGU has arranged a study visit of Jaipur Dairy, Bajaj Nagar, Jaipur on 28.02.2025 for B.Sc. (Agriculture +MBA) IVth Semester students.

The visit was coordinated by Er. Rajender Singh, Assistant Professor, Department of ABM, VGU. Ms. Pooja Tak , Assistant Professor, ABM, VGU. Total 40 students are benefited from this study tour. The team was guided by Mr. Chandan Singh , at Jaipur Dairy, Bajaj Nagar, Jaipur. He briefed us about production of Milk and other milk products, dairy field as well as about collection and storage of mlk.

The major objective of the visit:

- To make students aware about current dairy techniques and advanced technology in milk production and their uses to makes other products like Ice-cream and curd making techniques to a variety of other products.
- To provide knowledge that how to improve the quality of the milk which has crucial role in daily uses in indian families and other industrial products made by milk.
- To connect what student learned in class with actual activities conducted at the jaipur dairy.

SUMMARY:

Students from ABM department, 2 faculty members and 1 lab technicians had visited Jaipur dairy, Bajaj Nagar, on 28.02.2025 by university bus. Students were divided into groups and each group was headed by one of the lab technician and faculty.

Industry visit: Students were taught about various equipment's and techniques used in milk production and how the process is done in dairy plants in India. They were briefed about concepts and importance of advance technology. Inspite these, students got knowledge about different trials, treatment, technological system and learnt about varietal developmental programme in different dairy products.

In our 1 day visit all students of ABM got practical knowledge about milk processing and application of different technologies.

We would like to extend our gratitude to Mr. Prabal Goyal , Officer, Jaipur Dairy, Jaipur for giving us permission to visit and for their support to make our visit successful with accomplishment of objective. Our special thanks to Er Onkar Bagaria, CEO for providing transport and other facilities to make this visit a successful.
